The Subjects To Whom

### Prayer –

*God Almighty please my dear God Almighty I am so very proud to be of the status that You have placed me into and God I do not mean to associate myself with any worldly pride or pride in any sense that can make me look down upon any good people of the earth and God I now promise that I will lead my life with good dignity of the world and God of that of the good heavens and God please keep me protected for all the good time now and God please give me enough power to be able to do everything that You want me to do and my dear God please come to my help as soon as I ask for it and my God I will ask for Your help only after many things fail, for God first of all I will try to solve all my good problems only with the good powers that You have given me and God after You have given me the power to contact Spirit World any time I want help and so my God this should be sufficient enough for me to be able to solve all my problems and also God the more important are the problems of the good people of the earth and that of the good messengers of the earth and my dear God if I cannot solve any of the problems put to me in a very good manner or God if I have any doubts then only my God I will take upon myself to ask for Your direct help so please my dear God come to my help whenever I ask for Your help.*

### Prayer –

*My dear God Almighty please give me a good power so that I can solve all the good problems of the good people of the earth and God please let me be able to solve all the good problems with the good collective good help of the good people of the earth themselves and the good messengers and God if this should not solve the problem then my God I will ask another good prophet of the earth to join and try to solve my problem and God if still the good problem remains unsolved then my God I will ask the good angels of the heavens to give me some help and God after that there will be no other option for me than to ask for Your help and then my God please be with me throughout all the time till the problem is solved so be it my God.*

### Prayer –

*Good God Almighty please give all of us good prophets a good way to share our good knowledge with all the good people of the earth as well as with all the good messengers as well as all the other prophets of the earth and God please let us all get together to share this good knowledge between us and God please also let all of us teach those who want to learn so that they learn for themselves and God please let no one teach anything that others do not want to know but let us only teach to all those who want to know and only to the extent that they want to know and God please also let us teach to anyone who wants to know at a bit higher level than the person asking question is so that the answer not only answers the question but so that the answer can set this person to think a bit more so that more good questions can be asked and God please do not let our answers be more above the good level of the person's level of question because then the answer may cause some fear for several reasons one of which could be not being able to understand the answer and this may then start to cause some disrespect so please guide us very correctly my God and God please give all of us some good people to talk to all the time so that more and more people get to know more and more of Your good kingdom and please my dear God please give us all a good way so that we can answer all the questions very accurately so please my God please give all a good way to ask good questions and please give all a good way to accept all the good answers and please God let these good answers not be added in a way to any other person and please let the good answers be only for the good people and God please guide all not to make their answers look like the answers for all and please let those asking the questions know that the answers were only for them and please God in no way should any of these good answers be made to look as though these answers will concern all and God please do not let*

anyone enforce anything on anyone but please let all have doubts and please God let these good doubts also be replaced by all in front of the good messengers or good prophets so be it my God.

### **Prayer –**

God please be with me for God I am now going to start something of Your order very soon and my God all I am waiting for now is the good sign You said that I will get so my God while I wait for this my whole mind is now in Your thoughts and my God I will do my best to do everything in the good manner that You want and God any work that You give is a very important one and so God I must do it in a very good manner so please my dear God please be with me so that there cannot be any way for me to make any mistakes or God my doings that could be my own doings and my dear God let no one ever think that what I ask them to do in Your name is my own way of thinking or my own way of wanting to do things and my dear God please let all be guided to be at a good level of being able to listen to their inner voices so that they may also be guided by their inner voices to know for sure for themselves that what is required to be done is required by You so my dear God please be with me till I am now able to finish everything that You have asked me to do.

### **Prayer –**

Please my dear God Almighty please be with me my God because I am very afraid now and my God I am very afraid only for the reason that I feel so much disturbance around me and God please be with me because it appears that the disturbance can only be brought to an end by You so please my dear God Almighty please be with me so that I am not disturbed any more till I finish everything that I have started to do and God please ask all Your good angels to watch over me till I finish all Your work that I have now started and God please give me a good prayer to pray for this particular way of disturbance so that I can find peace enough to finish Your work and God also give me another prayer of thanks to pray which I can pray after I successfully finish this work.

### **Prayer –**

Dear God please bless me so that I can be good all the time and God please give me a good way to be above all the good human feelings and emotions so that I can be a good prophet of Yours and God since I am supposed to work for all the good people of the earth with all the good emotions of all good people it can sometimes get very hard for me to be completely on Your ways and God this could be very harmful for the good people of the earth because God I am well protected and so my God if I can use the human feelings in some bad way then God it will not only be a bad way of behaving for me but it will be still be a very bad reaction for the others to get on account of my not being able to control my emotions in the way and manner that You my God would like so please my God let me now only use the good side of all the good human emotions so more good can be done and God I will never want to use any emotion that can be called 'a really bad one' by any of the good people of the earth so please help me my God.

**This prayer will be given a very good power by God as well as all the good angels of God – meaning that this prayer will be answered even by the good angels of God so that when God is really busy any of His angels may be in a good position to grant this good prayer –**

God Almighty please be with me and God please be with me also with Your good angels so that God if You are required to go to attend some more urgent matter then my God I can get a good protection of all Your good angels also so that the good protection can then be with

*me of same good levels as that of You my God and God I am required to be well protected as at present I am doing some work of Yours which will not be liked by anyone of the evil world and so my God there may be good reasons for many in the evil world to join forces to force me to stop the work that You have now entrusted me to do and God please give all enough power to completely destroy the evil forces that may try to stop me from doing Your work and God now it has become even more important to keep all the evil completely away from the good people of the earth because God it is now Your good wish that no evil be anywhere near the good people of the earth so please, please help me my God.*

**Prayer for the prophets to have so that they can do everything that they would like to do in a very accurate manner –**

*My dear God Almighty please grant me an angel who will only have a good work of looking after what I do and God by that I mean that good work that You will entrust me to do whenever You would like that I do Your work and God this is Your protection for me because God I only want to do Your work very accurately and God I will never get to know that unless I get a good help of one of the angels and my God please ask this good angel to keep on giving me thoughts even when I do not ask for them so that I can do the work more to the good liking of You and to the liking of the good people of the earth so that they very willingly accept what is being told to them and God please what is even more important is the fact that the good angel also lets me know of a situation that is not very accurate so that I can correct the situation before it goes out of my hands and God by that I mean before I am in a position to give out a good message that is not absolutely accurate so please help me my God.*

**Prayer –**

*God Almighty please keep all the good prophets of the good earth well protected and please God please give them such powers that these are easily recognised by the good people of the earth and God please give them good thoughts all the time and God it is so very important for all the good prophets to now have some good powers so that they can be of help to all the good people of the earth and also God so that they can create such good vibrations that the evil cannot then come near the good earth and God then this can also be one of the good ways of keeping evil as far as possible from the good earth.*

**Prayer –**

*God Almighty please give me and all the other good prophets good ways to be and God please let all of us have enough means to be on our own in such a way that God we can be in Your good thoughts as much as we can and God what we are asking for is not much but something that can keep us going in this good world of Yours and God only to the extent to be able to give help to those who ask for help and God please let there not be even a single occasion when we are not able to do anything or are not able to give any good advice to anyone seeking our help and God we do not mean that everything that is asked by some good person of the earth be granted but what we mean is that we be able to give a good answer to everything that is asked for and God none of us want to even think of asking anything that can be called ‘a prayer of material gains’ and God that does not mean only for the good prophets but God for each and everyone who are living on the good earth of Yours and God please give us only a good way of going about with our problems and God if we really want to ask for something that could appear to be something that is material then my God it would be something that could benefit many of the good people of the earth to better themselves to be on Your good ways and so my God please, please bless us all my God.*

### Prayer –

*God Almighty please give all of us a good way to give some advices to all the people of the earth so that all can live in peace and harmony and God please give us all such a good way that not even a single person would like to do something that any other soul would not like and my God we all would like to live in peace not only because it is Your wish but God also because all of the good people of the earth would also wish the same and God if we all can learn to live in peace then God we will all be in a good way of protecting each other and God if we see anyone harming anyone then God we will try to do our best to put an immediate stop to that situation that is in front of us.*

### Prayer –

*God please give all the good people of the earth a good piece of land if they so want so that they can have good peace in it and so that they can also have a house on it and my good God this will make people live in peace if they can have their own house on their own land and God for those who do not wish this please give them a good thought that there is now no place on this earth which is not peaceful and that wherever they may go they will find peace and God once we all are in Your good thoughts then my God peace will come to us automatically and God we all would like to have good things that the others have so please God please give us a good understanding that all cannot have everything and even to those who appear to have everything do not actually have everything so dear God please give us all a good way to have everything that we need and please God also sometimes please bless us with few things that we want so that we feel satisfied but God please also give us a good thought so that we should not keep on increasing our wants because that want then starts to keep us away from the correct path of Yours my dear good God Almighty.*

### Prayer –

*God Almighty please give all of us good prophets a good help so that we can spread all Your good messages in a very good way that You would like and God we now want that all people of the earth now know all about Your good kingdom and God once all are in a good know-how of Your good kingdom then God please, please give us all good messages all the time so that all the people of the earth know whether You are happy with our progress and God please let this be the good way of the heavens now that all want that we people of the earth get help from the heavens all the time and my God if ever You are not pleased with any of the going ons of the people of the earth then my God please give us a good message so that we know immediately what is happening and so that it does not ever become too late for anyone of us to correct the good situation so please my God please give us all a good way to keep on getting closer to You.*

### Prayer –

*My dear God Almighty please my God give all good people of the earth a good way of worshipping You and please God let all the good people of the earth know for sure that all the prayers must reach You in the good manner of the heavens and God for that to happen it is very necessary that all pray only to You without any exceptions and God it is now going to be a good way to keep on asking for help of the heavens so please my God this can now start to get very confusing because God when we ask for any good help we will first be asking only the good angels who help us for help and God we will also make it a good point to thank them too and God this is the only way we will be able to get help of the heavens so my God let the people know for certain that there is a good difference in asking for the help of heavens and praying to You my God because the good difference is that any help can be given from the heavens only if You allow it and God You have also given some good angels powers to*

grant some prayers but God they can only grant these if the prayers are said to You and You alone and then God please let us thank all those who helped us and God please let us not forget to also thank You for the help that was received.

#### **Prayer –**

*My dear God Almighty I am saying this good prayer today because God I am feeling very good and God this means that today has to be a good day for me and so my God I want to be very thankful for this lovely day and God I want to be in Your thoughts more today because on any of the good days more good vibrations of earth can be sent and received by all and so God I want all to create more good vibrations and God please also give me more of Your love today and please God please bless me with more such good days.*

#### **Prayer –**

*My dear God Almighty please give me a good way to get a lot of good vibrations of the heavens and God I am asking for these good vibrations for the reason that I can then place more good vibrations only for the reason of destroying all the bad ones that are now there in my surroundings and God I do not know the source of these bad vibrations so God please after I destroy these bad vibrations please let me know the source that created these bad vibrations and please God give me any help that I may need to destroy the source of any bad vibrations so be it my God.*

#### **Prayer –**

*My dear God Almighty please my God please ask any of Your good angels to give enough love to all the good people of the good earth so that all can be at peace and God I am asking for this prayer to be granted because some good people have entered into some arguments with the good people and God no one is now prepared to listen or to understand what I have to say so please my God please give me a good message to give to all of these good people so that they can now become more calm and God when I deliver a good speech I would like Your good angel to be there to guide me to use the correct words and to use the correct way of saying them and the right way to convey Your message to all so that once again everything is restored back to normal or my God even better because they would now have received and understood Your message that I gave so please help me my dear God.*

#### **Prayer –**

*My dear God Almighty please give me a good way of thanking Your angels whenever I receive a good help from them and God I do make it a point to always thank them but God what I am asking for is a way to be thankful to them and for a way to thank them because my dear God I am being helped so much at every step of my way that I sometimes do not even realise that a good thing happened only because I was helped and God sometimes even the very small help is not noticed by me even though I am certain after a good thought that something happened only because I was helped so please my God please save me from being disrespectful by not being able to thank any good angels who helped even though my God they only help me because of Your order or of Your wish and God please take this as my prayer of thanks to You and all the good angels and the angels who helped me today and who have always have been helping me so please my dear God I am always grateful for being able to serve You so please accept this good prayer that I am saying.*

#### **Prayer –**

*God Almighty please give all the good people of the earth a good way to progress and God please I want all to progress so that all are happy in their own way of progressing and please*

God let all have a good knowledge of whatever they do so that no mistakes are made and God this can allow all to make a good progress on good earth and please my dear God I also want that all progress in all Your ways too and God for this reason only please let everyone do everything only in Your name so God everything can happen in a very good way and God please let all know that anything that is done in Your good name will please You and so my God everything can then be in very good ways of all so please my dear God please grant me this good prayer so that all can progress very well.

#### **Prayer –**

Please my dear God Almighty please give all a good prayer to pray so God all can then be on Your good ways and God please ask all Your good angels to give all a good thought to pray daily and God if someone is not in a good way of praying daily then my God please give this soul a good angel so that this soul can be reminded daily to say the good prayers and God please give all a good knowledge that it is a must to pray everyday even if it is only one prayer and please my God please no one now ignore this as it is now going to be very important in the new way of living to pray on a regular basis so be it my God.

#### **Prayer –**

Please my dear God Almighty please give me a good way to guide the good people of the earth so that God all are on Your good ways and please God I want all to listen to what I have to say and God please give me a good guidance when anyone puts a very hard question to me and God please if I do not have a good answer to answer immediately then my God I will ask someone in the Spirit World to guide me so please God till I am able to get some good answer please do not let anyone have any doubts and please do not let anyone feel that it is not a good way of mine because I do not have a ready answer but in fact let them all get a good feeling that if a question is put and if the good prophet does not have any answer then it is a very good question and that now more will benefit because the answer is now straight from the Spirit World and now that this answer cannot be wrong and please let all have a good thought that everything cannot be known by everyone and that there is so much to know that no one person can know everything to answer all the good questions.

#### **Prayer –**

God Almighty please give all the good people of the earth a good way to do everything in a very correct manner and God by this I mean that anything that the good people want to achieve and please let them all have all that they are seeking but God please let all be aware that to achieve something there are two sides and these are sides that are a winning one and there are sides that are losing ones so God for someone to win someone has to lose and God please now give us all a good way that not a single soul now can keep on winning or losing all the time and please let those who have won a few victories give a good chance to others to win so please my God let all please be in a good way of winning and losing so that now there are no bad vibrations made by the winner or the loser so be it my dear good God Almighty.

#### **Prayer –**

Please my good God please give me a good help to be able to do Your work in a good and accurate manner and God I am praying this good prayer because for some time now I am not in a good way of doing things that satisfies me of the manner in which they are done so my God I would certainly not expect You to like what I myself do not like but God it could also be possible that You actually like what I did and it was only my enthusiasm to do more better made me feel that I did not perform as I could have so my dear God if this is the case then please my God let me now know the real way that You liked so that I do not think a lot of my

past deeds and God please also let me have a good message if You think I can perform even better so please help me my God.

**Prayer for the good prophets to say when the prophet knows that the bad vibrations are getting worse even though the prophet prayed for the destruction of the bad vibrations – and this prayer is to be prayed only after twenty-one days after the prayer for destruction of bad vibrations is prayed –**

*My dear God Almighty I now know for sure that there are some very bad vibrations around me and God I have already asked for these to be destroyed and God I was not very sure whether there really are some bad vibrations around me but now my God there is no doubt of the fact that bad vibrations are really there so my dear God please now destroy them completely and God I am not able to concentrate enough to get the good messages of the heavens and so my God I also feel that my prayers do not now have enough power so please my God please look into what is really happening and please now my God give me enough protection so that I can now start to pray without any more bad vibrations around me and my God please give me more help so that I can now feel safe and be certain that there are now no more bad vibrations around me because God any bad vibrations can cause me to go to a good place which is far off and God I want to pray on daily basis and a far off place can become very hard way for me so please God give my place a good new set of good vibrations and God I need a new set of good vibrations so that I can now start to do all that You want me to do and please God I want to pray to You as much as I possibly can.*

**Prayer –**

*My dear God Almighty please give us the good prophets of the earth enough information of the heavens so that now more understanding of Your ways and Your kingdom can be made known to us and God please let us only know as much as You would like us to know and God with a good knowledge of all Your ways and Your kingdom we all the good people of the earth will know what to exactly expect when we are living our good life on the earth and God it will then not appear to anyone that we are living our lives in expectations of some unknown rewards but that we are living our lives in the good manner that You like and that is in a good manner of helping and loving and caring for each other because God we all are here to progress to get closer to You and now if all have the good information of Your kingdom of the heavens then all will be good because they will want to be there only and God only good can be at a good place and God that is so very true on earth itself where the bad people do not want to be near the good people and good people do not want to be near any bad ones and God after all the evil is removed from the face of this earth all would like to give out only good vibrations so that now no source of bad energy can be near to earth and so my God it is very important for all to have some good information of heavens and be in the know-how of being able to do the right things in the correct way so please help us all my God.*

**Prayer that the good prophet can give to someone who wants to know more about God's kingdom –**

*Please God Almighty I am giving this good prayer to \_\_\_\_\_ so please power this prayer so that when \_\_\_\_\_ reads this gets all the good help of the heaven.*

**Prayer:** *My dear God Almighty I am at a good understanding of Your ways and I have some good knowledge of Your kingdom but God this knowledge is limited by my own understanding and also by the understanding of those who have explained to me all that there is to know but still my God I am not satisfied and I have put many questions to the good people who have done their best to explain to me all about Your ways and Your kingdom but God I have a feeling that they do not know enough so please my dear God give me some good*

way so that I can know more and God once I am in a good way of understanding more then God please give me a good way to be able to get the good messages myself from the heavens and God please give me the way to get the messages only if there is a way for me to approach any of Your good prophets who can guide me to understand all the good messages that I can get and God I will be so very grateful for this good favour and my God I will also promise that I will be good and God I will spread Your good knowledge and the knowledge that I will receive to the good people who would like to know from me and God I will always respect the good understanding of the individual person's level of thinking and I will not enter into any arguments if any person cannot accept what I have to say still my God if I feel that what I have to say is important for that person who cannot accept my thoughts then my God I will ask that person to give me company to see a good messenger or a good prophet and then I will leave that good person with any of them so that they can explain what the real ways are and God in this way of acceptance I will get to know more and I will get to be happy to do someone a very good favour so please bless me my God.

### **Prayer –**

God Almighty please give all the good people of the good earth a good way to be good all the time and please God we are aware that praying on daily basis can make all to be on Your good ways but God please give us all a good way so that we can also experience on our own that we are keeping to Your ways and God please make all of us love each other enough so that we can help each other and God please give all a good way to understand that love is the only way to progress and God please answer all our good prayers of love so that all can love more and please God please also make it known to all that any disrespect to anyone whether on earth or to anyone in the heavens will only cause to generate bad vibrations so my God please let no one give out any bad vibrations and God please let only the good vibrations survive so God bad vibrations can now find no place on this earth so God please help us all.

### **Prayer –**

My dear God Almighty please my God I am in some good situation and God I have now got to know some new information of something about Your good kingdom and God I now want to share this good information with many of my friends and also first with my family and God please I want all to understand the good ways of the heavens so please my God please let me know the manner in which You want me to place this information in front of the good people of the earth and God please give me Your message and let me know if this is the only way to spread the new information for all the time in the future and God if it is so that all the time a new way will be given for the onward transmission of Your messages then my God please let me know about this too because my God it is so important that only those who are in need of the good information get the good information and God please let us all know what we need to do if some very good information is so very useful that it will benefit all the good people of the earth so please help us all my God.

### **Prayer –**

God please be with all of us during the time when it gets to be very hard for all the good people of the earth to be good so please God only Your good vibrations can give good vibrations that are enough to comfort all the good people of the earth and please God this is a very special prayer that we are saying and my dear God we are saying this because someone made some mistake and we do not have the required amount of good vibrations to keep us all going on the good ways of the heavens and God before it can get out of anyone's hands please give Your good vibrations and God I am asking this as one of a very good favour of Yours and God after that we will have a good long time off to thank You and we will

*make a good promise amongst all of us never to repeat such a mistake again and God if anyone causes to put others in a way that this promise breaks then my dear God please give us all a good angel's help so that we can know why this keeps on happening and God if bad vibrations of any kind have anything to do then my dear God it is only You who can then be of help to destroy all the bad vibrations so then my God please destroy all those bad vibrations and then my God please give all the good people a way to power themselves by getting together and by saying a good prayer themselves with anyone who is willing to join together so that a good powerful way of generating good vibrations can be made and God in this way of praying on regular basis will then keep the bad vibrations at the minimum possible levels so please my God help us all so that we too can keep on destroying the bad vibrations on a very regular basis and my God please keep all the good prophets informed that any form of collective prayer should not be done on daily basis and that at least one day should pass before another collective prayer is said and God if this keeps on going for many days to come then God You would not be very happy so my dear God please let all the prophets have a good knowledge and a good prayer to destroy bad vibrations only with Your help and only after a few breaks of few days depending on how bad the bad vibrations are so please help us all my God.*

### **Prayer –**

*My dear God Almighty please give me a good way to know all those who are on Your ways and please my God also the ones who are not on Your good ways and please God I would like to know this only for the good reason of spreading more of good vibrations and my God what I would like to do is plan out a good way by which I can teach more to those who are on Your ways because they would not only be very interested to learn more but also for the good reason that they could even spread more good vibrations because my God they are already on Your ways and God for those who are not on Your ways it would be very important for me to see that they are in Your good know-how and that they start to be on Your ways without any further waste of any more time and God please give me an angel's help very fast if I come across any soul who will not easily accept to be on Your ways and God it is my wish that there be not a single good soul who is not made aware of Your good ways and God please if there are any such good souls who need a good help to get on Your good ways then please my God please guide these good souls to me so that I can immediately put them on the right path and my dear God if I have to even travel very far to do this then my God I am prepared to do this but God if the travel requires some good means that my God I do not have then please my dear God please give me the good means that are needed to fulfil my mission to teach as many as I can to understand the importance of being on Your ways and to impress upon all that it is so very important to pray on daily basis and God please give all a good understanding that it is very important to be on Your ways or else the entire term of being and living on this good earth could get absolutely wasted and God after reaching the good heavens once again no one will ever like that the entire term of living on the earth got wasted and my God what would be most sad and disappointing would be to know that someone actually lost some levels instead of gaining it so please my God please let us now not waste even one single moment and my God please let me be able to help all those who seek help and so please, please help me my good God Almighty.*

### **Prayer –**

*God please give me a good way to be able to tell all that it is very important for all to pray on daily basis and my God this is one of the very hard tasks for any of the good prophet of the earth so my God please help us all to do this and God with Your good help anything can be achieved so please my dear God please help us all to be able to make everyone understand*

*this and my dear God there are many more reasons to pray to You than many actually know and realise and God one of the good reasons is to be in Your thoughts on daily basis and my God it is only then that we all can be good and do good work but my God these are not all and God if we pray to You daily and God if we are more in Your good thoughts then my God we can generate more good vibrations and more good vibrations can then collect and make us more good with each passing day and God these can then make us get more better thoughts and God also more good thoughts of higher and higher order and God this can then cause us to progress more and God more progress will always make us more happy and it will also give us more comforts and God this will then result in all being able to want to live in peace and harmony and God if this is achieved very fast then God all can have good vibrations of highest order and then God these good vibrations will help all because then my God no bad vibrations can find any way to be side by side with all the powerful good vibrations so please help us all my God.*

### **Prayer –**

*God Almighty we have known Your good power for all the time that we the people of the earth have been on earth and God we feel that please You show Your powers to us from time to time as no one can ever doubt Your existence and also God so that we all can be blessed and God please show Your might every time the evil tries to show the might of theirs and God please show this in such a way my God that in the process not only that evil loses all the power that the evil tried to show but also so that the good people of the earth can also see for themselves that good will always score over any evil in the end and that all the good people can learn and teach that being good is the only way to be and that only good can get close enough to You and that my God You will now Yourself start to talk to all those who are extremely good and God You will now talk to them because God You will now love them enough to let them get close to You and my God any message that You will give to those whom You will talk to will be of the highest order and that those who will be getting Your own messages will then do their best to do what is told to them and God please we do not mean any disrespect to You and my God we can and no one can ever cause any disrespect to You but still my God we the good people are still not in good readiness to receive any messages from You directly because my God the only way that has been so far is to receive Your messages only through some good angel of Yours and my God only few good prophets could receive some good messages from You directly and so my God please when You will now suddenly start to talk to us my God we will be so very happy that we will not think enough to accept that You really talked to us and again few people of the earth will accept at the start that You actually did talk to some good prophets so please my God do not feel that we are causing You any disrespect and God if You or Your good angels can put a good thought into some good people of the earth that You can do anything that You would like to make this earth more better and better for all the people of the earth then my God it will be a good favour to all of us to accept more new ways of the heavens so my dear God please give us all a good new way to be and new way to get all Your messages so my God we all can now live in peace and in the process we all can get closer and closer to You my God.*

### **Prayer –**

*God please give all the good people of the earth a good way to know that all should live in love and peace and God even though all know this and even though all want this still people are not able to live in love and peace and God please give all the good people a good way to know that it is of no use to keep on fighting and to keep on destroying all that was built for the good benefit of all the good people and God if we keep on fighting all the time then God it will cause a spell of bad vibrations to spread and no good person of the earth wants this so*

*my dear God please give all of the good people to live in a good manner that You want my dear good God Almighty.*

**Special prayer to say as soon as someone has been made a prophet by God –**

*My dear good God Almighty I am so pleased that You have put so much trust in me my God so that I am now able to talk to You my God I am also very proud to be of service to You God please God now please give me some way so that I can now do very easily all that You want me to do and my dear God I have seen in past that to be on Your ways is not very easy and it is even more harder to do all Your work accurately and God in a manner that You will always like so please my dear God please give me a way all the time to be able to do all Your work exactly as You would have liked me to do so my dear God I would like a good help of the heavens to be able to do this in a good way so please my dear God please give me some good angel's help whenever You think I need help and God it is my wish that everything be done on earth exactly as You have planned and God for that we will always require the good, good help of the heavens and God I know that anything You plan can never fail so God please let me be in a good position to serve You on earth as I never thought to be able to serve before so please bless me my dear God Almighty.*

**Prayer –**

*My dear God Almighty please God give me a good way to place everything in front of You my God and my dear God please give me a good way to do everything that You tell me to do and God even if I should look into the face of evil I will not hesitate or feel afraid to do that because my dear God I will be well protected by You God once I have Your protection I have nothing to fear so please bless us all my God.*

**Prayer –**

*God please give all of us a good way to pray and God by that we mean that we need a good help of people of the earth to be on the good way so that more and more prayers calls more and more people to join all in good prayers and God please let those who want to pray but do not know how to come to us or any of the good messengers so that all have a good way of praying to You my God and please give all a good knowledge of different prayers so that those who are in need of a good prayer know where to get it from and please God ask all to be particular of what they pray because God praying a wrong prayer will not achieve what the prayer is praying for so please my dear God please grant all of us a good way of good praying so be it my God.*

**Prayer for the good prophets to pray when the good prophet is on a good way of teaching all the God's ways to all the good people of the earth so that the good people can then be on good ways only and so that now evil will not like to be near the earth –**

*God please give all a good way of behaving so that all the good people of the earth can now come to the good prophets for any help that they want and please God please give all the good prophets some good angel's help so that they can now get all the good power of all the good prayers and God please give all the good prophets a good knowledge that is above all of the good people of the earth so good people can have all the good faith and can like to approach the good prophets for any kind of spiritual advice and the know-how so please my God please bless all the good people of the earth to be able to teach all the good ways of Yours my God.*

### **Prayer –**

*My dear God Almighty please let all of the good prophets of the good earth have a good way of meditation and please also give some good prayers to us so that my God I can pray in a very good way and also my God so that all can be of very good use to all the good people of the earth with all the good knowledge of Your love and Your kingdom and God we need to meditate to get good thoughts as well as good messages and my God we also understand that some very good angels of Yours will talk to us only this way and so my God it is very important to receive messages by meditating and also my God those who are told by any angel to meditate must meditate and try their very best to be able to do this in a very good manner and my God this is because some very important messages are waiting to be given in this manner and God if one does not practice very hard to be able to get those messages then my God You or Your good angels will have no option but to give these good messages to some other prophet or to someone who You my God would like the messages to be received so please my God please let those who are asked to meditate, meditate and get the good messages and my God if these messages are important for other good souls too then please let these messages pass on to all in a very good manner that You would like my God.*

### **Prayer for the good prophets to say when they want some good help of God Almighty so that what they are about to do is done in a very good manner that all will like –**

*God Almighty please my dear God please be with me so that I am now able to do all that everybody was wanting to be done and God please I would like that everything be in a good manner that all would like and dear God please help me only if You think I need help and God I am praying this good prayer because I want that no one should complain about anything and God I am also prepared to do everything within my means to do all and to help all in every way of earth and of good heavens so that all on earth as well as in the heavens are pleased by my good work and my God please help all the good people to understand that what I did was for the benefit of many and not of all so please my God help me a lot to finish everything that all will finally like.*

### **Prayer –**

*God Almighty I am doing everything in a way that all should like and God still there are few people who are not happy with what I want to do and God they are not happy only for the reason that it is not benefiting those who say that I cannot finish the work in the manner that I have planned so please my God please give these good people who are not able to understand to understand that everything cannot be of use to everybody and God if what we do can benefit those who do not have a lot of good means then my God those things are the most important and God if these things are not the things of luxury then my God please let a few be so benefited as per their needs so God that You and Your good angels are very happy so my dear God please help us all my God.*

### **Prayer for the prophets to say when they want to teach some of God's new ways to the good messengers of God –**

*God Almighty I am about to explain to the good messengers of Yours some good messages that You gave me and God You have now asked me that all Your messengers also get to know the good benefit of all these good messages so my dear God please let all these messages spread to all Your messengers in a good way so that all get to know and so that all now have this good information and God please since it is not possible to take upon only myself to spread these good messages please give me the good help so that all who get these messages take it upon themselves to spread and give my message and by that I mean my God the one I got from You my God to as many other good messengers as they possibly can so that all get*

*the good message and God please if anyone is left out even after this then please give a good thought to some messenger who is very close to this messenger so that the message is well received by all and God please forgive all of us if someone cannot get these messages after everything possible is done.*

#### **Prayer –**

*My dear good God Almighty please my God please let all the good people of the earth keep on now remembering the past evils of all the mankind so that no one now gets in a way that can cause harm to another good souls and God please give all a good way that not even a single person of the earth is left out of the good information of the evil deeds of the evil and God I am asking this because only if all can see the bad reactions of the evil ways then can all realise and know for certain that bad and evil ways will always harm all and God few realise that evil can not only bring harm to others but evil brings first of all harm to one's own self so please God give all a very good way to know that no evil can ever bring good and that no ways of evil can cause anyone to progress and God there can be no way to progress to be able to get closer to You if there is any evil near any good person so please God do not now allow any evil to get anywhere near the good earth and God once the earth is good and rid of all the evil then my God please keep all so very happy and God so that they progress and not only in the worldly but also Your ways my God and God please give all good means to be able to help each other in any way that all can because God it is very important that all help someone or the other in some way or the other so that all can not only be helpful to one another but also because in this manner they can now build a way to be able to love one another so that all can now live in peace so please help us all my God.*

#### **Prayer –**

*Please God Almighty we the prophets are now very happy because the world is now a very good place to live in and God please since we will need this good earth to be good and my God we need this good earth for a good progress and God since You have now blessed all of us with Your love so that we live in peace so please my God please now make it possible for all to live in love and peace and my God please do not let any one have so much more than the others so that this person can start to think that this person is a master of all because if this happens then God evil will keep on fighting in such minds to really make them feel that they are more important over others and God again all will have to work hard to keep the evil away so my dear God please give a good amount of wealth only to those good people who can put this good wealth to some good benefit for the people of the earth so that all can progress well and also my dear God please give enough wealth only to those who are very willing to share it with someone who are really deserving the good share of this wealth and God please now let all get a good way of knowing that the best way of Yours for the good people of the earth is to have only what is now needed by someone and please God let us only ask someone or the other to give not only what we need to the good extent of that we need but also to the good extent of the time we need so my God please bless us all my God.*

#### **Prayer –**

*God please give all of us the good prophets of the earth a good prayer to pray so God we can now go to any place and not be afraid of any bad vibrations so God please give us all a good prayer soon enough.*

### **Prayer for the good prophets to pray when they are actually plotting for a good place of prayer –**

*God Almighty please give me a good place to pray from and a good place where there are no bad people around and no bad vibrations are there so God all my good prayers can now reach to You and also God so that the good place from where I will pray can keep all the good vibrations so that these remain there and get to be more powerful each time anyone says a good prayer from there and God please let this place be one that is accessible to many and God please let many also get a good thought that this is a good place to pray from and God please bless this good place in such a manner that anyone praying from that place can not only feel Your good presence but also get Your love so that if this person praying has a simple wish then God it may then be granted so please make this place one that is now blessed by You my God.*

### **Prayer –**

*Please my dear good God Almighty please give some good thoughts to any of us good prophets of the earth so God we can now pray a good prayer which can now give a good protection to all the good people of the earth and God to those good people of the earth who are close enough to the prophet who is praying this good prayer and God if nearly all of the good people wish that they be so protected then please my God please get all the good prophets of the earth pray such prayers and God this will then add power to those good vibrations that are going to keep the evil far from the good earth so please bless us my God.*

### **Prayer –**

*God Almighty please I am praying this prayer only for the reason of generating more good vibrations so that these can now add up to those that already exists and my God please let me keep on adding all the good vibrations to keep on making even more powerful good vibrations and God it is my wish that the good prophets also do this so God there are such good vibrations which can then make all on earth feel very happy and my God also because very strong field of good vibrations will then resist all the bad vibrations and then my God no evil would ever want to make any attempts to get to the good earth and God even if evil still tries to break through these very powerful vibrations then we will be very confident that it will not find any success and God not only that but the evil will start to lose their bad vibrations very rapidly so that these bad vibrations become so weak which will in turn make evil very weak my God and evil will then on evil's own not want to come anywhere near the good earth so please my God help us all to make all the good vibrations more powerful with each passing day and God the most easy way for us to achieve this is through the good prayers so my dear God please give all a good thought that it is so very necessary to say prayers on daily basis and please let all the good prophets of the earth keep on praying as much as they all possibly can.*

### **Prayer –**

*Good God Almighty please get all the good prophets of the good earth organised enough so that all can now communicate by all the good ways of the earth and God if all the good prophets now can exchange their notes then my God all of the good prophets as well as the good people of the earth will get the good benefit of all Your good messages and my God please give all the good prophets enough good understanding to know the good ways of Yours so they are now able to know the meanings of different messages of Yours so God please let them share only those good messages that will cause good benefit to all the good people of the earth and not only some good people of the earth and dear God please let all the good prophets now maintain one good book called 'The Good Book Of Good Messages*

*Of Heavens' so that they can now maintain some good records that they get and God please let this good prophet let someone have an access to the good book and please God not more than five of those who the prophet selects have an access to this good book at any one given time.*

**Prayer for all the prophets to say when they want to bless someone because someone helped some good soul in some worldly ways which completely now can change the life of this soul for the rest of the time of this soul's term on the earth for the better –**

*My dear good God Almighty please give this good soul a good place now and my dear God this soul has been a very good soul who helped his fellow good person to achieve a good status amongst all the others and God even though this soul was deserving enough this soul would not have been in any position to achieve anything on own efforts and now that this good soul has so helped this soul and God this soul only helped for the sake of helping so please my dear good God Almighty please bless this soul and please my dear God Almighty please also give this soul Your love.*

**Prayer –**

*My dear God Almighty I am now saying this good prayer because good God I want to be in a good way to be of help to many but God I am now very sick and cannot do anything and also God I do not know the reason of my illness so please help me my dear God to keep me in a good way to be of help to some of those who need my help.*

**Prayer for a good prophet to say when someone who is very close to the good prophet has suddenly stopped to pay this good prophet some visits and so the good prophet now misses the good company even though they communicate with each other with all the worldly ways like using phones or internet or writing letters –**

*Please my dear God Almighty I am very fond of the company of \_\_\_\_\_ and God we both enjoyed each other's company in the past for such a long time and God we still enjoy each other's company but God we now enjoy our company from a good distance of places so my God I am now praying this good prayer because I want the company of \_\_\_\_\_ to be as it was before and my God it can also so happen that \_\_\_\_\_ is busy doing some good work which will put many good people of the earth to more comforts so please my God I do not want that any good work should stop or even be slowed down so please my God please grant me this prayer if this should not cause any disruption of any good work that \_\_\_\_\_ is doing and so God if it is then not possible that I can have the company of \_\_\_\_\_ as I always had then please my God please give me some way of comfort so that I do not long for the company of \_\_\_\_\_ as much as I am doing right now.*

**Prayer –**

*God Almighty please give all of the good prophets of the earth a good way to be able to do all that is to be done in a very good and accurate manner and God please ask some good angels of Yours to keep all of the good prophets protected all the time because God a good protection for all is a must and God a good protection for all the good messengers and of all the prophets is of a very high importance and so please my dear God keep all the good prophets well protected.*

**Prayer –**

*My dear God Almighty please give all the good prophets a good help to be able to understand all the messages that are given to them and God it is possible that all the prophets may think that it can never be very hard to understand any of Your messages*

because those messages are given in a very good way and in a language that they well understand but God no language in the world is very perfect so as to understand the meaning of any thoughts as the thought actually comes and God once again some words always convey different meanings to different people so my God it is so very important that we all the good prophets get the meanings of all Your good messages in a good manner so that all Your good messages are understood in the exact manner that any of Your angels sent.

#### **Prayer –**

God Almighty please give all the good prophets some good way to be able to pass all Your good messages to all those the messages are meant to be given and God if we cannot pass on the messages fast enough then my God some messages may lose their power and may be of no use at a later date and God please if I do not have good means to be able to pass on the good message to someone then my God please let that person for whom the good message is have good means to collect the good messages from me.

#### **Prayer –**

God Almighty please my dear God I am afraid that I could not give the message to \_\_\_\_\_ and my dear God I did all that I could to give the message to \_\_\_\_\_ but for some reason everything failed and God it may also be possible that \_\_\_\_\_ may not be in the home place or that \_\_\_\_\_ may have gone overseas so please my dear God give me a guidance of what to do now.

#### **Prayer –**

My dear good God Almighty please give me a lot of good ways to be able to perform all my duties and God if it is Your good wish that I do more than what I am now doing then please my dear God give me some good company who can help me and who can also understand the importance of being able to do Your work above anything else and God please give this good company some good ways of being able to get some good thoughts too so that this company of mine can get to be a very interesting one because we can then also be able to discuss many things of Your good angels' ways of giving us some good messages of heavens.

#### **Prayer –**

My dear good God Almighty please give me a good company of the one I will really like and God I will teach this good soul or the good angel all that there is to know of Your good ways and also of Your good kingdom to the highest level of my knowledge and please my God I am asking for this company so that I have someone close to me who can enter into some good discussion so that more and more thoughts can be applied to all that we know and God also this will help us to ask some very good questions which in turn will have some very good answers which will benefit so many other good people of the good earth.

#### **Prayer –**

God Almighty please make all my days good ones so that I can do a lot to help many good people of the earth and also because my God I can pray more than what I am praying now so that more good vibrations can be created and my God also because if I keep on doing this with each passing day then my God this will make our world better and better and my God please give me my good manner of praying so it can be different from others and my God I am asking for this because I am only doing Your work and nothing else so my dear God I want that my manner of working can be such that I can be able to do more because I have been blessed with time enough to be in a position to do more so please give me a good manner of working which may if You my God would like to be my way so that more can be

done and God I would like to do a lot because God I have also been blessed with enough to make me be in a good position to do anything that You my God would like.

**Prayer –**

*My dear God Almighty I am now doing everything possible to make the lives of people around me as comfortable as possible so please my God please protect me in such a manner that I get all the good help of the heavens and please God make me do everything that I can do to please help these good people because my God all will need some help or the other at some time or the other and please let no one think that I am doing them any favour.*

**Prayer –**

*Please my dear God Almighty I have been asked by one good messenger of Yours who needs some good guidance and God I have explained to the good messenger that the good question that the messenger wants my answer on is a good question that can be answered by the messenger's own angels but my God it is the wish of this good messenger that I give the answer so please my God guide me whether it would be in the good ways of the heavens that I do this work and my God if You feel that this question should only be answered by the good messenger's own angels then my God please give enough strength to the person asking question to be able to face good angels to get the answer and my dear God if it is Your wish that the answer be given to me then my God please give me an answer that is complete in all respects to the question asked and God if You like I will tell the good messenger that any question that can be answered can be answered to any one who has the permission to ask someone in the heavens and that they should ask me a question only if the question is of such a nature that the answer requires some special powers of the heavens or some special powers of the prophets of the earth.*

**Prayer –**

*Please my dear good God Almighty please give me enough courage to give this message to whom this message is to be given and God I have received this message but I am not sure whether the person receiving it will like it and my God I do not mean any disrespect to anyone and least of all You my God but You see my dear God I am myself not very sure if the message that is received is accurate enough to be put forward for the onward transmission so please my dear God Almighty please give me strength as well as courage enough to accept that this message is now required to be given exactly as I received and only my God if it is received exactly as it is supposed to be given so please help me my God.*

**Prayer –**

*Please my dear God Almighty I am saying this prayer because I have not been able to do my prayers daily as I should have been doing so my God I am having a feeling that is not very good and God please know that I have said my daily prayers daily but still I have not done everything that I should have done due to some reasons which can only be given a name of 'good excuses' so my dear God please give me a good pardon because I have now started to do what is required to be done and also my dear God I promise not to let myself fall into a similar situation again.*

**Prayer –**

*My dear good God Almighty I am now awake and after having rested I now feel good so please my dear God give me some good thoughts that I can now work on with a good fresh mind and please keep on letting me get good thoughts so that I can do more good things because God that is the only way I want to behave.*

### **Prayer –**

*Please my dear good God Almighty I am now in a good way of receiving good messages because the days have been very good and my God soon we are going to have some days that may not be very favourable to receive some good messages and God if I am then required to receive some messages on those days then my God a very good protection is a must so please my dear God please give me enough good vibrations when the days are good enough to receive good vibrations so that these can also protect me in a good manner even when the days are not very good and God please also let me know soon enough that I have this special protection so God I can tell some good messengers about this so that even if they are faced with a situation of asking some urgent help of the heavens then my God they do not take it upon themselves to do anything on the bad days but they in turn turn to me for asking help of the heavens so please help us all my God.*

### **Prayer for any prophet to say when the good prophet wants to know the past good friends and when the prophet wants to know who is giving the good prophet a good company from the Spirit World so he can thank them –**

*God Almighty please God I want to thank all those who are helping me from the good Spirit World so please dear God let me know who are the good angels to be thankful to and God I will try my best to keep this good information only to myself but God I may sometime get very excited to let someone know too and this my God could be for several reasons and God one of these could be that I could be very close to one of the relatives of this good soul or this good angel so please my God I would not like to make a promise to keep this good information for all the time that I am on earth and God if You think that this is not the correct way then please my God do not give me this information and still my God I will be thankful to all in the good Spirit World who are helping me so God please give me a good way of thanking those who are with me in a very good manner that they only like.*

### **Prayer –**

*Please my dear good God Almighty I want to thank my guardian angel by name so please give me a good information of my guardian angel and God if it is Your wish that I keep this information only to myself then my God please let me know of this so that I can make a good promise to You that I will not give this information to anyone else so please my dear God do me this favour if You think I deserve to know the name of good guardian angel of mine.*

### **Prayer –**

*Dear good God Almighty please give me a good way of being grateful to all the good angels of the heavens who are always there to give me good guidance and good help whenever I need this and God I am aware that different angels help me to complete my different projects and God I am also aware that at times good angels have no time to be with us for long and they can if they so wish pass on the work for some other good angels to continue the project so please my God if I only thank the angels who help me on the completion of the project then my dear God I will not be able to thank all the good angels who helped me to complete the good project in a good manner so please my God it is my wish that I do not leave out any good angels in my prayer of thanks so please help me my God to thank all in a good manner of thanking.*

### **Prayer –**

*God Almighty please guide me in a good way so my help can go to only those who really need my help so God I can progress in only the ways that You my God would like me to and my God I want to help only to the extent of my means to give all that I can to the extent of my*

means and God please if it is Your wish that someone well deserving needs a very good help and God also to the extent that are beyond my means then my God I will still be prepared to help this person in the manner that You my God would like and certainly my God I will surely have to depend on You to have some means enough to do all that I am expected to do so please help us all my God.

#### **Prayer –**

God please give me some good way to go to some place where there is good and only good and so my God that I can be there for some time and say some good prayers to make many different good vibrations and God if I can get these fast then I would like to return fast to my home place and God if I happen to like the place where You will now send me to then my God I will thank You and say a special prayer asking You to give me a new home place so that I am then good and only good so please help me my God.

#### **Prayer –**

My dear good God Almighty I am afraid of nothing because my God I am now protected by all Your good angels and You my God and I know this for certain so please my dear God please give me any work to do that needs one's complete trust in Your ways and God if later I am afraid then please my God let me feel the good presence of Your good angels and You my God so that I am once again very comfortable to carry out and continue and complete all that You wanted me to do very confidently so please help me my dear God.

#### **Prayer –**

My dear good God Almighty please give all of us a good way to be good and God please let all those who are really good and all those who want to be on Your ways come to me for some guidance if they so desire and God I will give my time to all to teach anyone who wants to learn and God even if these good people are not guided by You to me I will give all of my good time that anyone would like to have and God I will not consider doing any favour to anyone if I give my knowledge to anyone who wants to learn all about Your good ways so please my God bless us all so that we all can be good.

#### **Prayer –**

My dear God Almighty please give all of us some way to learn more and more about some of Your ways and God please let no one argue what is being told to us from the heavens because no amount of arguments or even good discussions will bring about any conclusions which can truly be called 'to be correct' so please my God if someone has not understood something then my God please guide this person to me so that I can teach this person all that this person can understand and also God I will let this person know that if I did not have some immediate answer then my God I will do my best to give the person the good answer so please give this person enough patience to wait and give all some good ways so that nothing is rushed or hurried up and also for the reason that the answer can be given in a very complete and good manner so that not only this person but also that all can understand.

#### **Prayer –**

My dear good God Almighty please give all the good prophets a good way to keep on learning more about Your ways and my dear God we do not want to share all our knowledge with all the good people all the good messengers or even all the good prophets for the reason everything that I will learn will not be of use to all and some things my God will be only for me to know so my God please give us some way so that we all get some good common messages and my dear God what I mean is that if there is some important message then my

God please let more than one of the good prophets keep on getting all the common messages and by this way my God all will be sure of accuracy of these messages and so that then dear God there can be no room for any doubts and so that all can then be sure of getting all the good messages.

### **Prayer –**

My dear God Almighty please my God please give all a good way to be at a good level of understanding of Your good kingdom so that they know all that they would like to know so that God they can then come to me for more guidance and so my God in this manner I too will get to know a lot and God please let all have some good ways of asking someone some good questions also for the reason that more people can get thoughts of asking more questions and God this will then make more people think even more and this then my God will give the good people of the earth some good ways and God the more we know about Your good kingdom the more and more we can get closer to You because God we will then know exactly what to expect after our term on earth and God if we know what to expect then my God we will try harder to get what we would really like to achieve and so my God no one will get something that is not expected so please my God give us all a very good knowledge of Your good kingdom.

### **Prayer –**

Please my dear God Almighty I am in a very sad mood because God no one is putting the required amount of faith in what I am saying and God I am only saying what I got to learn from the heavens and God they know this too and God it now appears that what I told was above people's understanding and so they find it very hard to accept what I have to say so please my God may I now ask for some small good miracle to be worked so that all can now accept that whatever that comes from the good heavens can never be wrong and God more so if something has come to the good prophets so please my God I am not asking for something much and all that I am asking for is a very small miracle of some good thought to be put into all so that all can once again have the good faith that they always had and God please let no one doubt anything again in the future of any new messages of the good heavens.

### **Prayer –**

My dear good God Almighty please my dear God I am not in a good position to be of good help to anyone for the next few days and God this is because I have some very good important matters to attend to for the coming few days and God please do not think that I want to put any work above Your work but God all I am asking for is not to give me some work for the next few days so that I can finish some work that I want to finish but still my dear God if You want that there is something that I must do then my God I will not put anything above Your work and God then I will leave what I am doing to finish all Your work and my dear God I will then continue with my work only after You my God are satisfied that I did do Your good work and that I completed Your good work in the good manner of the good heavens so please help me my God.

### **Prayer –**

My dear good God I am now doing some good work which I think will be liked by many people of the good earth so please be with me my God and please guide me to do all that is required to be done and my God please keep on giving me one good thought after other so my God I can do a lot and also because I can do everything in a very good manner that all the good people who are benefited would like and please my God if You want me to stop this work at any point of time then please my God give me some good message so that I can stop

*and please my God please give me a good reason for knowing the reason of why You asked me to stop this work so my God I can later on put some more thought and I can then know for certain where I went wrong so my God I do not do this again and also God so that I know what is not liked by You and God please if You have asked me to stop for any reason other than not liking my work then my God please let me know the reason only if You think that there is a need for me to know the reason or else God I will not worry about that because You actually liked my work but You asked me to stop for some reasons that You know were not then the good needs of this work so please give me some good ways my God.*

#### **Prayer –**

*My dear good God Almighty please my dear God I am not able to give the good messages to anyone because God I have somehow caused some damage to the material on which I wrote down the message and my God I know what the good message is but God I cannot give this message in the exact manner that I was given and so my dear God after I give Your message please do let me know if I did give the message in the way that You wanted and God if the message was not understood in the correct way by the person so receiving the message then please my God do give me some way of getting the correct message once again and God I am aware that You do not repeat Your messages so please my God I am asking once again for the message to be given as a special favour and my God I am also fully aware that only those messages that are to be given to many and only those messages that You think that are in some ways to be understood more clearly are always repeated so please my God do me the good favour and God I will now promise to take better care of all that I get from the good heavens including that I already have from the good heavens so please help me my dear God Almighty.*

#### **Prayer –**

*My dear good God Almighty please give me some very good means to keep all my messages well protected and God please I mean a good protection that will not allow anyone to get what I have to keep to myself and God please I keep all the good messages at only a few places of good importance and God I take good care to see that no one can touch any of them or read them so please my dear God I want that these should be so protected that even if someone who is very curious or someone wanting to read all my messages cannot then read them and God I am more careful of the messages that I am supposed to keep to myself so please my God even if someone steals these still my God please protect these in some good manner so that these do not appear to give the good message and that no one understands any of these messages in the manner that I understood and please God if the reader does not understand the good messages still my God please let the reader be able to read and understand in a manner that the reader can do only good by reading so that nothing bad can then come out of reading any of my good messages so please keep us all safely protected my God.*

#### **Prayer –**

*My dear good God Almighty please my God I am now running late in my work which I was given some specific date to complete and my God I have done all that was expected of me to do still my God I am myself not satisfied in the manner that I am doing all Your work and please my God if You also think that I am not in the right flow of what You would have expected then please my God please give me some good company and some more strength so that this work can now get completed exactly on the date that You want this work to be completed and please my God if You think that I did not do the work in a good manner then please give me some good way to know this so please my God I do not do anything like this*

again and please my God let all understand that whenever You give some specific time limit to complete any work then my God there is certainly some important reason that goes along with it and then my dear God all should take this as Your order and so if any of the good messengers or any of the good prophets are not in a position to complete the work then my God they should immediately ask for Your help as soon as they get a good feeling that they will not be in a position that the work can get completed in good time so please my God please give any of us in such a position some good help and my dear God Your good angels will be the first ones to know if anyone of us is not in a good position to complete any work or if anyone runs into some difficulties so please God ask Your good angels to give a good thought for asking Your help at the soonest possible time and still my dear God the safest way to be is to ask for Your help through out the good project right from the time that anyone starts on daily basis so that there is no way that the work cannot get completed on the date that was given to be completed so please my God now please give me some help.

### Prayer –

My dear God please give all of the good prophets some good ways to do Your work and God please let all of the prophets be able to understand the work that is of the highest importance and please my God it can be possible that You give many more work than one at the same time and God if someone is given more than one work at a time then my God it can be very possible that they may not know which one is required to be completed first so please let all the prophets understand that any work that can benefit many good people of the earth is important to complete but any work that is given to comfort some good soul is of even higher importance but any work that is given to give some good messenger or some good prophet some help to complete some work is of the highest order and this comes above everything else and my God if any prophet is given a date to complete Your work then my God all those who help this prophet in any way will be well rewarded and God this can be also done by any good soul by taking away the worldly worries of the prophet and God by that it means that doing some worldly work of the prophet so that the good prophet can devote the time to do more of Your work rather than keep busy doing all the worldly work and my God doing worldly work is also very important to be done so my God it can happen that at times some good prophet may even be in a good need to put some worldly work above Your work and so please God let all now understand that any help that is given to any good prophet will cause the prophet to do more of Your work and God this will in turn help to make earth better and better so please my good God Almighty let people of the earth help all the good prophets as much as they all can so my dear God all the prophets are left with more time to do Your work and to spread more good vibrations and that is the most important work of all the good prophets my dear God so please help me my good God Almighty.

### Prayer –

My dear God Almighty please give all the prophets some special powers so that my God we can do more for the good people of the earth and please my God we are asking for some good powers so that God we can give help to some good people very fast and please my God please give me the good power to be able to contact the good Spirit World whenever anyone needs some good help of the heavens and please my God please grant what the prophets ask very fast because my God prophets will ask for the good help of the heavens only when there is a very good need of someone so please my dear God please help all the good prophets of this earth my dear God.

### Prayer –

*Please my dear God Almighty give all of us good prophets some good way to ask for some good help whenever there is some good need of some help of the good angels of the heavens and please my dear God I want that all the good prophets have some good way to be able to give the good help of the good heavens to the good people of the earth because God now this is going to be one more way to protect and guide the good people of the earth so please my God now let all be guided from the good heavens and please my God let all get a good thought that this is very important to now be able to be in peace and to be in harmony with each other and please my God whenever some good guidance is given from the heavens also please give all a good thought that now this is a good way of behaving and please my God please give all a good thought to accept all that is told so God more good can be done so please my God please let all know now that if at all any guidance is asked from the good Spirit World then my God it is also important to follow what is told because my God after asking for Your help if we keep on doing what we want then my God there is no point in asking for Your guidance and God please let anyone only ask for a good guidance for the reason that they have given up all the options and now when there are absolutely no other options left open so please my God please do not let anyone be guided from the good heavens if there are more options open so please my God only help those who need Your help as a great favour and not as something that anyone would want to consider as one of the options so please my dear God this could also cause some good confusion in some good minds and God please also give the prophets some reasons giving some messages that could get very hard to follow and please my God please do not guide anyone in the matter of any worldly ways because the good heavens has nothing to do with the worldly ways and God the reason why we are now being guided as a new way of being is only for the reason so that all can be made aware of their continued progress and God still all will maintain their good own independence of deciding what to do but God if the good guidance is asked for the good reason of getting over some good situation and God if the guidance is asked of some good ways that are not understood then my God no one is then in a position to accept this guidance because then this guidance gives one point more to be considered and please God please let all know that all should try their best to understand all the messages of the good heavens and my God when anyone receives any messages which do not appear to be the good ways of the heavens then my God it is best to listen to the guidance of one's own inner voice and then if still there is some more confusion then please the good person must ask some good prophet that this person knows to get some more good messages and please my God in some hard cases the process can go on for a very long period of time so please my God please answer all our good questions very patiently so that in the end some good result is achieved and please let no one mistake that the good guidance will be given all the time that some guidance is asked for because some angels will now be given specific tasks for guiding the good people of the earth to help all to grow and to progress so that good can be done on earth.*

### Prayer –

*Please my dear God please give us all a good way of the heavens only if we have been good and God please a good guidance is a must for all of us now because God all now want to be good and remain good so please my God guide us all in our ways so that we can do all that is required to be done to keep the earth very good and God please do not guide any of us to achieve anything that can cause someone some pain in any manner and please guide us to do only good and to do everything only in a way that You my God would like and please my God please give some thought to all that all need some guidance and God a good thought is also good guidance of the good heavens so please help us all my good God.*

### Prayer –

*God Almighty please give all the good prophets of the earth a good way to be able to communicate with the good Spirit World and God please give all the prophets a good way so that all the messages from the heavens are now received very clearly and accurately my God and God we are asking for this because God now in the new way of living we all will need to be very close to Your good angels my God and God it will also be very important for all to do what they will be told in the good matters of everyone's missions and God please if the messages cannot be received in a very clear way then my God people will keep on having doubts and they will not do what they would be required to do and please my dear God do not let anyone think that now we will have to do only what we are told because my God that cannot be the ways of the heavens so my God please let everyone now understand that they will have to do only if they like in all the matters of behaving and God please let all now know that when any of us have come to earth with some specific work or if anyone has come to earth after discussing a good rebirth with You or any of Your own angels then my God those people will have to do all that is being told to them or else their mission of taking a good rebirth will fail and God also all the good messengers as well as the good prophets will be required to do all that is told because they have now chosen to do Your good work and God if there are any instructions that are given by You or anyone that You have asked from the good Spirit World to talk to us then my God no one take upon one's self to be able to decide anything on the matters of Your work because no one can actually understand completely what Your good work is so my dear God please give us enough understanding of what is to be taken as the order of the heavens and what is to be taken as some guidance of the heavens and please my God let us all decide for ourselves of what good way we can finally take to be of use to all the good people of the good earth.*

### Prayer –

*Please my dear God please give all of us some good understanding of some of Your ways so God we can now know for sure that what we do is now the correct ways of Yours my God and God please let all the prophets not teach the good people of the earth that Your ways do not change and my dear God it may appear to some that You change Your ways at times too but that is not correct and God it is only as we start to get more closer to You that we now know more about Your ways and Your good kingdom so my God as we keep on getting newer and newer information it appears to some that the things are now changing as they actually should and God whereas there can be certain changes in Your kingdom all the time still my God there are no changes in all Your ways and my God it is we the people of the earth who keep on changing our way and so my dear God with our changing way we feel that now there are some changes in Your ways too so please my God please give all a good thought that Your ways do not change and God for any good progress changes are a must so God You are required to make many changes all the time but my God all changes can be in some different ways of doing and achieving some things so please God the only thing that comes first is that all the people of the earth must learn to live in peace and harmony with each other and God to do that there can be many ways and no amount of guidance can be enough to achieve what is always said and so my God please give us all God some good ways to be able to achieve this so that we can then be able soon to start even more progress than the manner in which we are progressing now and please my dear God please give us some more know-how so that this can now be soon achieved.*

### Prayer –

*My dear God Almighty please God please give all of us the good prophets of the earth some good ways of being able to give the good knowledge of Your kingdom and God now that there*

*will be many prophets to give the good help of the heavens to the people of the earth so please give all a way to be able to spread the new progress of the heavens in some similar way that people get to know some good progress achieved by someone on the earth and please my God it is very important to know this too so that people are well informed and so that they all get the good benefit of all the good happenings of the heavens so please God help us all my dear God.*

#### **Prayer –**

*My dear good God Almighty please give all of us some new way to do some more meditation and God please give all the good prophets of the earth more good information of Your kingdom because we now want to know more and more about the good heavens and please my dear God if You think that some of the good prophets are good enough to know more and God if any information of the heavens is then required to be with only that particular prophet then please my God give this good prophet some good thoughts that all the good information is not for all the good people of the earth and God please give this good prophet a good reasoning power to be able to know what to tell and to whom and also my God please give all good prophets good messages when they meditate because God at the time of meditation the good vibrations are always more and also because meditation can make us all listen to our inner voices as well as the good voices of the good angels of the good heavens so please my God please help all the good prophets of the good earth my God.*

#### **Prayer –**

*God Almighty please my dear good God Almighty please give all good prophets some good ways to help all the good messengers of Yours my God and God please we prophets will want to help anyone who will ask for our help and please my God so will the good messengers of Yours but my God it can so happen that the message of some messengers cannot be understood by the messenger or my God it can also happen that what the messenger got as a good message was not in some manner very accurate or so the good messenger could feel so please my God please guide any of such good helpers of Yours to me and I will do my best to help this good messenger and my God if it is very necessary I then will ask You or Your good angels my God so please help me my dear good God Almighty.*

#### **Prayer –**

*God Almighty please give me enough strength to be able to get Your work done very fast and God now that I have already done so much of Your good work in the past I am well aware of the fact that that the next work can get harder and please my dear God it is not that I am complaining but in fact it is a matter of great joy that I am in some position to get more and more work from You my God and God now that I know more of Your ways I also am more aware that You can give more hard work only to those good prophets who have done Your good work in the good manner that You like and God still I am saying this good prayer for the reason of getting comfort and my God for no other reason and my God if I am given more strength than what I have now then my God I will be able to do Your next good work as easily as I did in the past and my dear God I will now say this good prayer every time I am given some new work to do so please bless me my dear God Almighty.*

#### **Prayer –**

*Please my dear God I am now a little afraid because God I am not in a good position of my worldly wealth and God please I do not mean that I need anything more than Your love and good God I am well aware that You are always looking after me and God the fact is sometime I feel Your love so much to even believe that I am Your very favourite person on the earth and*

*God I am blessed to be able to talk to You but still my dear God I am not getting a good support of wealth enough to be able to support my family or so my dear God I feel and my dear God Almighty I am not at all worried for myself but God I am worried for my good family and God I do not want any of my family members to have anything that is less than what they now have and so please my God let me not be in a good position so that I do not provide for my family as I have done in the past and my God I am only praying this prayer to get some comfort in asking what I am asking so please do help me my dear good God Almighty.*

#### **Prayer –**

*Good God Almighty I have been very good and God I will always be very good now that I am blessed with so much of Your work and my dear God it gives me so much pleasure to be in a good position to help so many good people of the earth and my dear God I find sometimes that some good people give me some good gifts for having done Your work and my God I cannot turn these away only for the reason that it will not appear to be a good worldly way still my God I cannot really accept these gifts as some good gifts because God this was Your work and my God for doing that work my God I am already well rewarded in advance with this gift of being in a good position of being able to talk to You and so my dear God I do not know what to do with these gifts so please my God please give good thoughts to as many as You can that no prophets ask to be given some worldly gifts like these so please God if I can do something to explain to these good souls to return the gifts then please God give them some way to understand that I do not mean any disrespect to their thoughts or their actions and my dear God if for some reason I cannot get in touch with these good people again then my God I will keep these good gifts to one side and God I will use these to help some good needy souls who can find some good use of these so please help me my God.*

#### **Prayer –**

*My dear good God Almighty my dear God please help us all the good prophets to know what we should do when some good soul wants our help and God even if we have some good means to help this good soul with parting of some of our own wealth and God this would turn out to be very hard for us if other good souls took this example and came to us for some good help yet my God it is so very hard for us to turn away some good help that we can offer so please my God please bless those whom we pray for to get some good help from some of their own good source so God they feel that they were helped by You my God and so that then they do not need anything from us my God and my God please give us some good prayer or some good message to all of us that You will not consider that we did not help someone who needed our help and God if You guide someone to us with very specific reason to be helped in a good manner that we may give some of our wealth to help someone out of some situation then please my God do not let this person praise us a lot but only realise that it was a good help of Yours and not ours and please let this person tell all that You helped this person and that all should pray to You if someone is faced with similar situation so please help us all my God.*

#### **Prayer –**

*Please my dear good God Almighty please give few good people of the earth some different ways of helping the good people of the earth and God different people need different kinds of help and some may only need some sort of mental or some sort of physical comfort so please my dear God please let there be different powers of different prophets who can be of good help to all the good people of the earth in different worldly and different spiritual ways so please help us all my dear good God.*

**Prayer for good prophets to say only when the good prophet wants some good guidance for the prophet's own understanding and not for anyone else's and the good prophet should keep the information to prophet's own self and not to be given to anyone else –**

*My dear good God Almighty please my God there are few things that my God I cannot understand and my God I now know many of Your ways and so I have now given some good thought to what I know and God this made me think more and more so please my God I am not very clear about the few things that I am about to ask and my God I am not asking these questions because I do not know the answers but God I am asking these questions because I can now get many possible answers and God I am confused and so my God I am praying this prayer to get some more information because my God I know for sure that only one answer can be a right one and God please give me complete information so that now there are no more doubts in my mind on the answer to my good question so please my God please clear my doubts.*

**Prayer –**

*Please my dear good God Almighty please give all good prophets enough information on what is now required for us to spread the good teachings of Yours and God please we would also like to teach the good people of the good earth more about Your ways and please my dear God please let each and every soul on this good earth know for sure that all should now pray on very regular basis and God please give all a good strength so that now all can pray on daily basis and God we know that this can get very hard for some few who would be working very hard for the benefit of the good people of the earth and God this can make some not want to pray because they may think that they are doing enough in Your service and that God You will certainly not punish them for such a small thing like not saying their good prayers on a very regular basis and God all know that when the good people of the earth are helped by someone then this will really please You a lot so my God this kind of situations may give some wrong thoughts to some and my God their thinking is very correct too so please my God let all get a good thought that all are required to be good and that all are required to do only what pleases You and nothing else so please God let no one think that only pleasing You is enough and my God it is enough for some but God we can create very good vibrations by praying to You and my God if those who pray to You are on Your ways of helping the good people of the earth then God these people can get a good set of good new vibrations which will keep them protected and please my God let all now know that it is very important to be protected by You and my God for this praying to You is the only way and my God please give good thoughts to all that it is also very important to thank You for a good passing day and God we cannot thank You enough if our days have always been good and God if our days have not been very good then please my God we cannot pray enough to ask You for a helping hand and please my God comfort is what all need and at all times so please my God please let all understand that praying to You actually is very important so please my dear God please let all the good people of the earth remind each other to pray very regularly if not daily and please let all the good messengers as well as all the good prophets keep on telling all the good people to pray daily because my God it is very important for all.*

**Prayer –**

*Please my dear God Almighty please give me a good way to tell all those who think that it is not important to pray daily to pray daily and God please guide me to put right thoughts to right minds because my God different people have different reasons for not wanting or not being in some position to pray so please guide me correctly my God to make all pray or please my dear good God Almighty please give all a good understanding to see some good messenger or to see a good prophet if someone has some doubts in the good powers of prayer*

and God please let no one doubt on any prayers that have been given from the heavens to anyone because my God in the new way of living many will now be seeking very regularly some good help of the heavens and God to give a good help a good prayer will be given from the heavens so please my God if people have to be helped then people will need to pray and so please my God please let all the good people of the good earth now know that it is not only important to say some prayers daily but God that it is even more important to pray the good special prayers that are given for some special needs so please help us all my good God Almighty so that we all do some good to help all pray some good prayers so please give us all Your good way my God.

### **A powerful prayer for the prophets to pray –**

My dear good God Almighty please give me some good prayer to pray and God I want one for my own use so that I can create some good vibrations that are second to none if I were to pray any other good prayer and please my God I am asking for this good prayer because my God now I have enough time to pray more and God I want to pray more and God I want to pray a good prayer of the highest level that I can pray so please bless me my God with a very good prayer that You would like me to pray.

### **Prayer for the good prophet to say after the good prophet got the good prayer that the prophet asked for –**

My dear God I am so very happy to receive the good prayer that I asked for and God I like this prayer a lot so please my God please give my good thanks to any angel who composed this prayer for me and to suit my needs and my dear God I now promise to make this prayer my one of the good daily prayers so please my God bless me and give me Your love.

### **Prayer for the good prophet to say when the good prophet wants a good prayer for someone when someone wants a good prayer – be it a good soul or a good messenger of God –**

Please my good God Almighty please give me a good prayer to give to \_\_\_\_\_ and God I want to give a good prayer to \_\_\_\_\_ because I know that for sure that this is a good soul and God I know this only because this soul asked me for a good prayer without my saying anything and God also because it appears to me that this soul has put enough faith in You my God and so please my God please ask some good angel of Yours to compose one prayer for this soul to pray as per the level that this soul is in and also because God so that this soul can progress by the given prayer in a good manner that will be liked by all and also because this prayer can help \_\_\_\_\_ to step into a higher level more easily and please my God please let some part of the good prayer also give \_\_\_\_\_ some good protection that the heaven can give so please my God please bless us all my God.

### **Prayer –**

God Almighty please give all of us the good prophets of the earth some good way of giving all Your love and God please let all of us now feel Your love in such a good manner that it was never felt before and please my God now let all understand that if they feel Your love then even by the worldly ways it is fair that they love You in return and this is because that no one can have any good things of the earth if first they do not have Your love and God any person who prays to You for any reason should love You and God the only way to express our love my God is to obey Your laws so my God all then can do what You would like us to do and my dear God for now You will like nothing better than to see that all good people of the good earth now live in peace and harmony and my God so we can now get Your love by loving all Your good creations of which the people of the earth are the greatest creation of Yours so please my dear God now please let all of us love all of us so my dear God we get more of

*Your love in return which can help us to get closer to You my God and so please my God please make all understand that nothing can be now achieved if we are not in peace with one and all so please give us a good help my dear God and please my dear God please also bless us all my dear good God Almighty.*

#### **Prayer –**

*My dear good God Almighty God please give us all the good power to be able to love one and all and God I am asking for some power because my God time has come when we see that it is getting impossible to be at peace on our own so please we need help of the heavens to power our love with Your love and the good love of those in heavens so that we are able to love as we love our own selves and God as we love all our loved ones because this love needs to spread to all those who can love and to all those who are capable of love because anyone who is not capable of love are not only bad but God are evil and God and these are the reasons why the evil would like to be far from earth because God now all will want to have Your good love and because God now Your love which will combine into all our combined love will generate such good and excellent vibrations which no bad person or any evil can face so please my God let all love enough to be at peace so that now all evil is very far away.*

#### **Prayer –**

*God please give all the good prophets some good ways of being able to communicate with each other because God now it will be so very important for all the good people of the earth to know all the good wishes of the good heavens and God the good wishes will only be made known by the good angels with the help of the good prophets of the earth and God please let Your messages spread very fast to all those who are now required to know and God please we mean the messages that are meant for all to know and God please get all the good messengers to be close to the prophets because they will have to give a good help to all the prophets to see that all the good messages of heavens are well spread and that all those who want to know, know them.*

#### **Prayer –**

*Good Almighty God please help all the prophets who need help and God please help all the prophets when they need Your good help and please my dear God I am praying this prayer for the reason that all those who have not asked You for help are not getting Your help and God please those who are not asking for Your help are only being humble and because they do not know for sure about some good matters and they are not sure whether You my God would consider as a very small matter to be referred to You and God anything that any good prophet is not very sure of needs to be clarified and God even for a very, very small doubt it is always a good way to ask and have the matter clarified rather than to put any good thought which can later turn out to be something that is not very accurate and my God please do not consider any disrespect if some good prophet has some doubt and God to get this clarified this good prophet seeks help of some other good prophet instead of asking You or Your good angels because God this prophet only asked another good prophet so that second simple thought can make things more clear if it comes from someone on the earth and God please do not consider disrespect if one good prophet asks another good prophet to ask for heaven's guidance and God this will always keep on happening because any time we the good prophets will only be doing as per our good ways and God if some good prophet gets some good message that is very different then my God it can get very hard for anyone on earth to be in a position to understand what the message exactly means and God if a good prophet who is really very humble gets some good message to be in such a way that no one got before then my dear God the thinking of any such prophet can then stop and so my God this prophet*

has no other option but to stop to think and let someone else think and give a good thought so that the good prophet receiving this message can once again start to think.

### **Prayer –**

Good God Almighty please give all the good prophets some good ways to do their work in a good manner so that all can be benefited and God please those who are in a good position to do Your good work all the while and are free from any worldly duties then my God please give such prophets more good work for all the people to benefit and God such prophets will not be doing anything else so please God give such prophets some good powers so all the good people of the earth stand to benefit from the services of such good prophets and God please if any other good prophet wants to work in a similar way but God it so happens that the good prophet has to do some work to get some means to support the family and to support one's own self then please my God give such good prophets some very good ways so that they do not need to work to support anyone so please my dear God please let all of such prophets get some good help of the heavens so that they are well supported and God please I am saying this prayer only for the reason that some good prophet needs to pray for more prophets to be helped by You and Your good angels so please help us all my God.

### **Prayer for the good prophets to say when they are in need of some way of preaching all about good God's ways and now they do not have any good people who are trying to listen to them –**

God please give me some ways to make some realise that what I am saying is only because of Your will my God and God I will not want to say anything that is not right and God I am asking You for some good ways of preaching to these people who are actually good but they do not think that some ways of Yours are to be followed like praying on daily basis and my God it is so important for me to guide these people very correctly because my God these are the people who many listen to and God if they do not follow Your ways then my God many will follow them and not put themselves on the path that You my God would like some of them to follow so please my dear God please give me good ways to make all of the good people do what You want them to do so please my God more good people follow Your good ways and so my God there can be more peace on earth my dear God.

### **Prayer –**

Please my dear good God Almighty we all want to spread more good vibrations and my God the most easy way is by being good in all the respects of Your laws my God and God please let all be good so that more good vibrations can be created and God being good ourselves is more important than teaching others to be good and God we can teach others to be good only after we have made ourselves good and God we must all be good also for the reason that if we are good then all those who are not very good will try to be good at least when we are there and God still it is enough because this has made some souls realise that this soul was not as good as this soul would like to be and so a small lesson was actually learnt by some soul and God so now if this soul is given some good thought then my God this soul may not only take our good example to be good but will also understand that being good is so very different and once any soul is able to experience then my God this soul will try the very best also to make similar souls to be good and God this will help us all my God so please bless us all my dear good God Almighty.

### **Prayer –**

My dear good God Almighty please bless all the good prophets with Your love and the love of all good angels so God more good can be done and God please I am saying this good prayer

particularly because God I want all to be in a good way of behaving and be on Your good way my God so please God if You think anyone knows that they are not very good and wants to know more of Your ways then please my God guide them to me my dear God Almighty.

#### **Prayer –**

My dear good God Almighty please give some prophets some new way of giving Your messages and God different prophets will have their own different ways of communicating with some good people as well as with the good Spirit World but for some the normal ways of communicating may not be enough and these good prophets could be in some good ways of being able to communicate so please my God please let some of these good prophets know that if they are satisfied themselves and God if they are confident to try some new ways then my God please let them know that You have none of the slightest objections and my God in fact You would be very happy and You would welcome any better way of communicating with anyone but my God please before any prophets switch over completely to any new way please let them be guided to do their work in the old way also along with the new ways for some reasonable time so that they have enough practice to adopt any new ways and also because God so that they can be told which way is better for them to finally progress so please my God please guide all of the good prophets correctly my God.

#### **Prayer –**

My dear good God Almighty please give all of the good prophets some new way to be able to tell all the good people of the earth of Your love and Your ways and God I am asking for this because I have found that even though all have tried to give Your messages in the past through so many good prophets who gave this world so many religions and even though all of them only talk of Your love and even though all the prophets only ask of all the people to live in peace and harmony still my God it now appears as though no one has understood this completely and my dear God I am upset with this kind of behaviour of the good people of the earth so that I now am asking You my God of a special help so that now all can actually understand exactly what You want and what it means to be at peace with one another and my dear God I have not seen even in many small and loving families that all live in peace with each other so please my God as we some good prophets felt that You please keep on giving us many ways and also many signs that in turn can help us all.

#### **Prayer –**

My dear good God Almighty please give me some good new way to be able to tell all that the new ways of the heavens are now to be understood in some different ways and God we have more knowledge of Your ways and Your kingdom so now my dear God there will be different questions now coming up in some good thinking minds so please my dear God please give us good answers when good questions are now asked so please my God we all are sure of the new ways of heavens and my God please give new information to only very few good prophets till all are able to understand the new ways of the heavens and then God please give us more ways only after those ways that You have already given are correctly followed by all the good people of the earth.

#### **Prayer –**

God Almighty please give some more good information about Your good kingdom and God please do let me know if any of the good information that I receive needs to be kept only to myself because God if I do not have that information then God I will be very excited with the new information that I got and it will make me spread this information so that many more can learn this too so please my God bless me with some more information to what I already know.

### **Prayer –**

*God Almighty please let me know more of Your ways if my God You are satisfied I remember enough of what is already made known to me and please my God please do not give me some new way that could get very hard for me to follow and God it is not that I will find anything hard but God I will have to explain this new way to all the good people of the good earth and God I do not want any new ways that are going to be very hard because God the New-religion that You Yourself have given to us is a very simple one so my dear God I want to keep things as simple as possible for all the time to come and God please let all know that as any new progress is achieved everything gets harder and harder but for those who keep in touch with all the things that are progressing will find that with every new progress things become more easy and God that is the actual meaning of any progress so my dear God what I am asking for is that any new way be such that all do have enough time and means to learn these so that they do not go wrong in understanding some things that are new and my dear God once You are satisfied that we are progressing well and in a good manner that You like then my dear God please let us do more and more what heavens have to offer so that all do progress in such a good manner that was never seen before.*

### **Prayer –**

*Good God Almighty please give us some way by which some of the extremely good prophets with whom You are completely satisfied are in Your world even though they are on earth some way of being able to see some angels or some good angels of heavens and God we want to see some angels for the only reason of getting a good feeling of being very close to You my God and God we do not at all mean that we keep on seeing them all the time but God what we mean is that God please grant us this good wish of ours only as a good reward of the heavens because God for those who have this wish can wish for nothing else that can make them feel more happy because God those who are in Your world already do not need anything of worldly goods and so my dear God the only way to bless such souls is by giving them some good rewards of the good heavens and still my God if there is some more better way to give rewards to such good souls then please my dear God do reward them something more greater than what we are now asking for because my God we do not really know our limits so we do not know what to ask for, for those who have no needs of any worldly goods and by that God we mean that we will always have worldly needs to maintain our families ourselves and we will need some means to support our good friends and some good people of the earth and God we will also have needs to support ourselves well-maintained and to keep our bodies working and God we will also need some ways to keep on doing Your work so my God what we mean is for those who do not want anything for themselves except few things which they already have so please my dear God please bless us when we pray this prayer.*

### **Prayer –**

*My dear good God Almighty please give all of the good prophets some ways to be now able to do Your work in much more easier way and God we are asking for things to be made more easy only for the good reason that more can be done and God for nothing else so please my God grant all those who say this prayer this prayer.*

### **Prayer for the good prophets to say when they need some more time to do more of what they have already finished –**

*Good Almighty God please give me some more time before God I can tell You that the work that I have completed is completed because God though I have completed everything that You have asked of me still my God I could only like to say that it is completed if I can add some more ways of making it look better so my dear God please give me little more time so that I*

can really feel proud of my submissions to You my God and God I promise that after that You will Yourself like my work much more than what You like now still my God please give me a message if You do not want to wait any further and please my God according to me I need some more time of \_\_\_\_\_ days so please help me my dear good God Almighty.

### **Prayer –**

God please give all the good prophets strength enough to be able to do what we are being told because God this is very important for all of us because we will be given some work of the heavens which we would find very hard to understand so please God the easy way for all of us to do any of Your work is only by doing what is told to us and God please give all of us a way to know more about doing Your work so that all that we do benefits all the good people of the earth so please dear good God Almighty please give some of us some newer ways of getting closer to You and my dear God we want to know more of Your ways to be able to put some of Your good ways into our daily lives for the reason of a good progress and God there are no ways that can be better than Your ways so please my dear God if few of Your ways are made known to some of us then my God we would be able to progress a lot and God we are also aware that it is not possible to know all of Your good ways soon and God we also are aware that as we keep on progressing Your ways progress too and God all of us are also aware that Your ways progress more faster than what we progress so my God some good knowledge of Your ways can be of a good help to us and God please if You are satisfied then please my dear God please give us some new way of travel so that we can feel the world to be able to get smaller with the new way so please my dear God please bless us all.

### **Prayer –**

Good God Almighty please give me some good way to be in Your world my dear God so that I can learn more and God if I can do that then my vibrations will get more powerful which will be very helpful to some good people of the earth and God if You let me enter Your world when I need these powerful vibrations then my God it will get very easy for those who are working to give more comfort to the good people of the earth to get some good understanding to make life more liveable on earth and God please all those who work in the fields of science get these powerful vibrations that I bring from Your world so please bless us all my dear good God Almighty.

### **Prayer – this prayer is required to be prayed by all the good prophets very regularly – but not daily –**

My dear good God Almighty please give all of us some good way to be in some protection of Yours so my God only good can be done now and God it is now the wish of all of the good people of the good earth to be good and to do good so please my dear God keep us all well protected for all the time to come.

### **Prayer for all the prophets to say when there is a need for some more good vibrations – for example on some bad days – or occasions when someone has started to fight –**

My dear good God Almighty please give all the people some good protection of the heavens my dear God because we do not want any peace on this earth to be disturbed and God I am praying this prayer because God I have some good reasons to think and feel that there is some disturbance and that some peace may be disturbed so my dear God please give us all the good protection that we need and God if for this protection I am asking for needs some work on my part then my God I am prepared to do anything that You will ask of me so please God keep us well protected now my good God.

### **Prayer –**

*My dear God Almighty please give some good thoughts to all of us and God please give us some good thoughts for us to be more good because we all have to be good enough to walk into Your good kingdom to a good level of Your ways and God please also give us all the good thoughts so that we get to progress in a very good ways of ours my God and God this is very important for us because my God these are also easy ways to get closer to You and to give more help and comfort to all the people of the earth.*

### **Prayer for all the good prophets to say when all want something special from the heavens like for example wanting some good prayer for some particular occasion for some good help of the heavens or for some good comfort or to ask for some blessings of the good Spirit World and all the good angels' of the heavens and of God Almighty –**

*God Almighty please bless all of us the good people of the earth and God please ask all in the heavens to bless us because it is the need of the hour and God please give us all the help that the heavens have to offer so that we are blessed from the heavens as much as all in the good heavens can so please be with us all as much as You possibly can.*

### **Prayer for all the prophets to say when they want some specific help from the heavens –**

*God Almighty please my dear God I am praying this prayer because good God I am seeking some help of Yours and please my God I want Your help to \_\_\_\_\_ (say what help is needed) and God please give me good strength to do all that may be required to do to get the good help of the good heavens and please God please give all some good strength if anyone is required to help me or God if someone has to do something for someone so please help us my dear good God Almighty.*

### **Prayer –**

*God please give someone Your good ways so that this soul can help good people and God we the good prophets and some good people need some good help to be able to do more for some good people of the earth for some good progress and for some good help that is needed by few good people of the earth.*

### **Prayer –**

*God please give me some good way to help some good people who are asking for my help and God I am praying this prayer because God for some reason I feel very helpless and God these people are asking me for some help of the worldly way of which I know nothing about and God for some good thought that was put into me I took it on the face of the problem and it appeared as though I could work out some solution easily and God now I find that it is almost getting impossible for me to put an end to this problem and God I am asking for Your good help because God a lot of good people will now benefit and God the benefit will also be for a long period of time so please my God bless me with some solution that can appear to be a very good one my dear God Almighty.*

### **Prayer –**

*God please give me a good way to be able to do what I am now doing and God though I know everything that there is to know I cannot get into a good way of progressing with this work and God sometimes my God I cannot go ahead and God I feel as if I will not be able to do this work and God I may want to give this to someone else but God this is not a hard work and God I want to do all that I can to be able to finish this work so please my dear God with a little bit of Your help of giving me some more strength and some more good thoughts it will be surely done by me so please help me my God.*

### **Prayer –**

*God Almighty please give all some good ways to be able to get in touch with a good prophet whenever they need a good prophet's help and God please give all the good prophets a good understanding that if any good person of the earth asks some good prophet for some help or some advice then it is a proper way to do the best and see that this person is helped in a very good manner and God if someone wants to do some work for a good prophet then please my God please let the good prophet know what work can be given to any person so please my dear God let all come to any good prophets for any good help and please give all the good prophets some means or some good ways to be able to help all the good people of the earth.*

### **Prayer –**

*Please my dear good God Almighty please give all of us good prophets some good thoughts so that we can do more of Your work and God at times it can put us even to some hardships but God all the prophets have promised You or Your good angels to keep on doing as much work as is given from the heavens, so please my dear God please give us strength and means so that more and more good work can be done by all the good prophets of the earth.*

### **Prayer –**

*My dear good God Almighty please give me some good means to be able to do all that You want me to and God I am asking for some means of good knowledge so that I am able to give some good people enough information of the heavens so my God all can benefit and God please give me some ways to be able to get more knowledge from some other good prophet too and God I will share my knowledge and information with this good prophet so that we both can discuss more and so that we both stand to gain from the good knowledge of each other and God please let no one ask anything that You have told us to keep to ourselves and God please let no one argue about why we are told to keep some information to ourselves only.*

### **Prayer for all the good prophets to say when they want to do some good work for some other good prophet but the good prophet wants to make certain that it would be liked by God or His angels –**

*Please my dear good God Almighty one good prophet has now asked me for my assistance so that some good work can be finished and God this work was not given to me by any of Your angels or You my God but God I have no objection to assist this good prophet who is wanting my help but God I am not sure whether it would be possible for me to do this and God the good prophet is also not very certain of this so please my God give us some way to now know what Your exact plans are so please help me my dear good God Almighty.*

### **Prayer –**

*God Almighty please be with all the prophets of the earth all the time my God and please give all of us Your love and some of Your good power so that many good people of the earth can be helped so my dear God please give all of us some good manner of then spreading more good vibrations and so please give me and all the other prophets a good blessing to achieve all that we all set out to achieve.*

### **Prayer –**

*Please my dear good God Almighty please grant all of the good prophets some very good prayers so my God a lot can be done and God what I am now wanting is not very small because God I am now asking for some powerful prayers and God I am asking for some very powerful prayers that are not only very powerful to do something big but also something that*

should take place as soon as this good prayer is said and I am asking for such prayers so that people just cannot lose their sight that You my dear God do exist and still my dear God I would like to use these prayers only when some good need to pray these prayers arises so my dear God please give me one set of some powerful prayers that I can use on some urgent occasions so please bless us dear God.

### **Prayer –**

Please my dear good God Almighty please give all of the good prophets one set of own prayers so God those are used as per the individual levels of the prophets and God a good set of individual prayers is a must for all the prophets to have because all need and have different ways of living and all are in places that are different and also people's behaviour in different places are different so please God give some good prophets some set of good prayers only for some special needs that could appear to be different from all the others and God if some prophet is not the same in being or working on some missions then God please give those prophets some ways to go about to be able to do their work more easily so please my dear God please help us all.

### **Prayer –**

Please my dear good God Almighty please give me some way to know who are in need of my help so God I help only those who need my help and God I am willing to help all the good people of the earth to progress but God I find it very hard to be able to refuse any soul who asks for my help and God I want to help all but God I also want to help those who may need my help to be good and God if someone who is helped does not help others in turn then please my dear God please keep such people far from me so that question for asking for my help does not arise and God please I also do not want to help those who do not want to be on Your ways and those who do not want to obey Your laws so please God give me a way of only helping those and helping all in a good manner of Your ways only so please guide me correctly my dear good God Almighty.

### **Prayer –**

God Almighty please bless all those who I will help so that they are always on Your good ways of behaving and God please I want these people to be good because God I will help only those whom I really like and God I will also help some who I may not know at all and so my God I will be only helping someone only for the sake of helping and God I will do that only to be certain within myself that no good soul was deprived of any good help that You my God would have liked this soul to have still my God if I helped some person who was not deserving enough then please my God please give me some more reasoning power so that I know not to put myself in a similar position in future but please my dear God if I helped someone who can be called really bad then please my God I have no excuse to give and God I can only say some force was more powerful than my own power and my dear God I was simply over powered by these bad vibrations which appeared good so please my God grant me an angel to be near me whenever similar situations are faced by me in future and God please comfort me so that I know for sure that I will not be so much in belief of the situation to think that my help is a must.

### **Prayer –**

Almighty God please we all are in need of some strong and powerful vibrations so God we can destroy some bad vibrations or some evil forces that we are now feeling and God these have been here for only past few days and God we want to destroy these completely so please give some of us prophets these good vibrations that we now are asking for so some of the

prophets can get together and pray our good prayer with Your powerful new vibrations so please my God please keep us all well protected my dear good God Almighty.

#### **Prayer –**

My dear good God Almighty please give some good prophets some good understanding so God more and more prophets can get to make more prophets strong for the reason of making more powerful vibrations and God more powerful vibrations are always required to make more people safe and feel happy so please my God show us a way and please God please give us some special prayers to pray so that this can now be possible on our own to make more powerful vibrations and God this can be also possible if prophets say some collective prayers.

#### **Prayer for some way of getting powerful vibrations –**

My dear good God Almighty please grant us Your good power so that we can add these to our power and please God I am saying this good prayer because I am in need of some powerful vibrations and God if You think that I do not need these now then please let me know that these are not granted for the present so please guide me God to fulfill my needs in some other way so God I can be at peace and God please I will say this prayer again whenever I feel that I need some powerful vibrations.

#### **Prayer –**

Please my dear God Almighty please give some prophets some new way of meditating and God please we are asking this because many ways have changed and God please with so many new ways we want one more and that is a new way to be able to meditate and listen to our good angels so that we are guided all the time and also for the good reason so that at the shortest possible time and in any given situation we can get to talk to our good angels and be guided by them so please dear good God Almighty please bless us all.

#### **Prayer –**

Please my dear good God I want to be so good that I do no wrong and God I know that no person can ever think that this can be practical as long as we all are on earth but my dear God this is my wish so please help me and please God give me an angel who can be with me all the time to look over me and stop me from doing any wrong and God please I am prepared to do anything to achieve this because God I am now at a stage when nothing is important at all and the only thing that is important to me is to be in Your good thoughts so that I do nothing but keep on creating good vibrations and God please if there is any way that I can achieve this then please my God show me this way soon and God please grant me this wish only if You feel that I am deserving enough and God please keep me away from all the worldly people so God that I am not at all distracted in any way and God please once You grant me this wish please see that I do not slow myself down and please see that I progress in a positive manner so that what I am thinking of achieving is achieved and my dear God if I cannot achieve completely still God I will feel more satisfied that I did do all in my own power to be very good and to take a good part to get closer to You faster so please now please bless me my God.

#### **Prayer –**

Please my dear good God Almighty please give me some good way to give my good vibrations to someone well deserving and please my God I want to give the good vibrations to \_\_\_\_\_ so that \_\_\_\_\_ can get started to build some good vibrations in the own good manner of the level that \_\_\_\_\_ is in so please God I am prepared to lose my own vibrations for the

sake of \_\_\_\_\_ and God I promise to say more prayers to see that I also now rebuild the vibrations to the same level that I previously had so please help me my God.

### Prayer –

Please my dear good God Almighty please give me some good way of behaving because God I am now more in Your world but still my God my friends will not be able to understand this fully well and God I will also like to keep a good watch over some of my friends whom I like and those who are good and also those who are not very, very good so please God it is my wish that I see that my good friends remain good and God it is my wish that those friends of mine who are not very, very good be good and God I want to do my best to help them to be good and then to remain good and God I want that they all listen to me very willingly so please my God for me to achieve this I will need a new way of behaving so please my dear good God Almighty please now grant me my wish to help some people whom I really like.

### Prayer –

God Almighty please give all good prophets some way to do their work very accurately and God we mean that not only of being able to receive the good messages of heavens and to understand them but also to be in a very good position to explain the people whom the messages are meant for and God please let no good prophet think that this is easy and my dear God please let the good prophets know that these are very hard and different ways will be made to make these messages pass on to the right people of the earth so please my God please help all of us good prophets understand that some good messages can be for all the good people of the earth and some can be for only few good people and God also in some cases some messages can be for only one good person so God if we receive some good messages for only some good persons then my God please give us all a good understanding that we should not give this message through anyone else and God then we should do our best and meet this person and explain the message to this good person and God please it can also happen that when messages are passed on by us some may not accept these to be the good messages of heavens and God if this happens and if many do not accept those messages then please my God please send a good team of good angels of Yours so that they then put more good thoughts to more good people to understand the meanings of the messages because God the only reason why a good person will not accept the good message of the good heavens is for the good reason that the message is not understood and God if the message was a simple one to understand then my God the good message was not understood in the proper context so please my God let no good messages of the heavens go to waste because my God any good message of the heavens is only for the sake of helping all the good people of the earth and should everything fail and God if the message is very important for all the good people to follow and still good people do not want to accept the good wishes of the good heavens then please my God we think that the options are few and so please then my dear God please work some miracle that no one can then challenge so all can then get together and see for themselves that what was told was important to follow and so now they follow what the heavens want to shower upon the good people of the earth.

### Prayer –

God please give some of the good people of the earth some good way to be able to understand all the good messages of the heavens and God those messages that are sent from the heavens without anyone asking for them are the most important of all the good messages so my dear God it is very important to understand these very clearly and God any prophet who receives a good message in this manner should not pass on the message immediately to anyone but my God the good prophet should first read such good messages over and over a

*few times to know for sure that the message is understood without any doubts by the prophet and my God only if the prophet is completely satisfied should the prophet then explain the messages received and so my God please give all the prophets enough reasoning to do this so that the messages pass in a very good manner of the heavens as well as that of the earth.*

#### **Prayer –**

*Please my dear good God Almighty please give me enough power to be able to face any person on earth to do what You have told me to do and God I know for sure that if You will tell me to do something it will be for the good benefit for someone so please my God please be with me when I have to do what You ask of me and if I am required to face any negative forces to do what You have asked of me then please my dear God be with me so that I am well protected and God if You feel that these negative forces are not very strong then please let some of Your good angels be with me so that I am well protected and please my dear God whenever I am doing Your work please always give me an angel's help all the time so that I am guided and so that I am helped to do anything in the good manner that You will like my God so please bless me my God.*

#### **Prayer –**

*Please my dear good God Almighty please give me strength to be able to go to someone who is not wanting to be on Your ways and God it is my feeling that this soul wants to deliberately do something that You do not like for the reason because something happened which this soul thinks is bad and my God this soul accepts that everything that happens to this soul is because of Your doings because this soul prays on very regular basis but God what is not realised by this soul is that what happened now is also because You love this soul and what has happened is not bad at all and it is only that this soul thinks that something bad has happened so please my God please calm this good soul so that this soul will now listen to what I have to tell and also please my God when I am with this soul I also want a good angel to be there with me so that I am helped to make this soul understand that everything will be well understood after some time is given for the things to settle down so please help me my dear good God Almighty.*

#### **Prayer –**

*Please my dear good God Almighty I am now going to pray to You my dear God and in the prayers that I am now about to pray I will be asking for few things which I cannot honestly say are small and God I want these prayers to be answered fast so please my God please keep few angels of Yours in good readiness so that my prayers are soon granted.*

#### **Prayer –**

*God please give some of our good people some good way to know that You really exist and God please what I mean is that I want each and every person now living on this good earth to be absolutely sure of Your existence so that all can be very sure of what they are doing and that no one ever thinks that it is a waste of time to pray to You my dear good God Almighty.*

#### **Prayer –**

*Please my dear God please give me some way to prove some people of the earth who are now not completely sure of Your existence to know that You exist and God please these few people know and have even accepted that some force is there around them still my God they do not want to open up to others and say that now they know about Your good existence and about the existence of Your kingdom so please my dear good God Almighty give me some way to now make them come out and say to all that they have now been able to know some sort of*

information which they knew but now they can understand positively what was made known to them to be a good information so please give me some good prophet's way so that now I am in some good position to explain more in detail so that now they can start to behave like good people of the earth so that they can now participate in some more good discussions with some more good people of the earth and God this will now help them to progress on Your ways.

#### **Prayer –**

God please give me some more help to give this good soul who cannot understand anything about Your ways of Your existence and please my God this is a very good soul and God this soul has even accepted Your good existence but this soul cannot understand how easy it is for this soul to generate good vibrations or bad ones and God this soul says the prayers on daily basis and I am asked by this soul the good reasons for praying to You and God I know my part and God I have tried my best to explain everything that this soul can understand still my God it appears to be that this soul has not understood anything so please my God it now appears to me that this soul needs some different ways of explanation so please my dear God please give me some different way of explaining the same things to this good soul or God please guide me or please my dear God please guide this good soul to another good prophet who may have some another good way of explaining to this soul all that this soul requires to now understand and please my God please do not consider this to be some failure on my part because I really did work very hard to bring this soul up to a good level of understanding so please help me my dear good Almighty God.

#### **Prayer –**

Please my dear good God Almighty please give me some way to give Your good message to \_\_\_\_\_ and God please be with me when I give this message because God this is a message which will require a lot of strength for this soul to be in a position to accept this as a very important message of Yours so please my dear God Almighty be with us with Your good angels so that we both are helped my God.

#### **Prayer –**

Please my dear good God Almighty please give me some new way of praying today because God for some reason I am not able to keep my mind on what I am doing and God I am not going to stop now to do any more work for anyone till I finish to say all my prayers that I have planned to say so please if there are any forces around that are keeping me away to say these prayers then please my God destroy these forces so God I can finish all that I have actually wanted to complete.

#### **Prayer –**

Please my good Almighty God please give me some more strength to finish all that I want to finish and God I am asking for Your help because God I have to finish a lot now and God I am faced with a situation that if I cannot rest or if I cannot take my work elsewhere then my dear God I will not be able to finish what I am supposed to do so please give me some good help my dear good Almighty God and God please give me some small way to rest my mind only for some small amount of time so that I am fresh enough to finish everything so please help me my God.

#### **Prayer –**

Good God Almighty please give me some good way to be able to tell many good messengers of Yours my God that they should try to get organised with some more messengers so that

they can say some few collective prayers so that more good vibrations can do more good and God please give them some way to know when God collective prayers can get to be a must because God for some important occasions or for some very big help of heavens only a good collective prayers can bring about a good result very fast and God please if someone needs some help of a very extraordinary nature then God please let this good soul approach some prophet or some messenger and ask them for some good help by asking for some of them to pray a good collective prayer.

#### **Prayer –**

Good God Almighty please give me some new way or some way that is not known to me to be able to go and get some prayers that I need very fast and God I would like to help many good people of the earth and God I would like to also help many good messengers of Yours my God and also any prophet if any prophet wants my help and please God to be able to do this very efficiently and God also to be able to help someone very fast God I need to be in some good position to find all the good prayers I may need very fast and God please I pray as much as I possibly can and God I know all the prayers of the heavens and God I am in a position to remember all the prayers but God to get these for some required situation is most difficult task for me to perform and God for anyone to feel very comfortable it is very important for me that I find these fast enough and I find all the prayers that can be effectively prayed for the situation that I am helping someone with and God it can be possible that sometimes I could be very busy or my dear God sometimes I could even be sick and God at times like these I may get very unmindful of the person asking for my help and God I would not like this to happen so please dear God please give me some new way that I am asking for my dear God.

#### **Prayer –**

My dear good God Almighty please give all the good prophets of the good earth a very good power so God no one is left out of getting a good prophet's help when they need some help of any good prophet so please my God bless all the good people of the earth to have a good prophet's help all the time.

#### **Prayer –**

Please my dear good God Almighty please give some people of the earth some special angels so that some of the good persons who are in of some good positions to help some good people help some good people and God if these people are helped by some good angels then my God more good work will be done and more good people of the earth will be benefited so please help all the good people of the earth my dear good God Almighty.

#### **Prayer –**

Please my dear God Almighty now this earth of Yours is a very good place to be in and please my God now the good vibrations of the earth are good enough to be compared to those of the heavens so God please we now feel that good earth and heavens can now join and God by that we mean that those who want to come to earth from heavens or God those who are on earth and want to visit Your heavens anytime may now be in a good position to do this in a more simple manner and God please grant this prayer and God only if You are completely satisfied with all those who are now praying this prayer and God it is a good wish of we all of the hundred and one prophets of the earth who are praying this prayer collectively that this prayer may now be granted if we are good enough and if You dear God Almighty are completely satisfied and please God we will pray this collective prayer collectively and we all prophets will pray this collective prayer for next ten times today so

*please power this prayer only as this prayer is being said and God please power this prayer soon.*

**Prayer –**

*Please my dear good God Almighty please give me some good way to be able to know what the good time of my retirement is and God after I retire I will not guide or help any person on this earth and God even if someone is in a very urgent need of needing my help so please help my God to retire now because now I want to spend my time only in the thoughts and God I now will only keep on asking You for more and more information that the heavens may have to offer and God please let no one think that I have given up Your good ways only because I turn down some help because God now the good vibrations that I will create will be those of the highest order that I ever created and God this will be the greatest possible help to anyone on this good earth and God I can only consider myself fully retired when I get some good angel to be with me at all the time and God only if I can possibly see some good angels of Yours or at least once and God in a good manner of my thinking so that I may not have doubts on anything that I saw.*

**Prayer –**

*Please my dear good God Almighty please give me some help to be able to go to someone who is on Your ways and say that this person is not on Your ways because this person does not do anything that You want this person to do and God even if a person is on Your ways and God even if a person does all that You would like a person to still my God You will not be happy if someone does not do what You are asking someone to do even if You or anyone conveys some biddings of the heavens then my God it is a good way to follow these good biddings and God Your ways are always very hard to follow and understand so please God let all those who You want that they do something do something because God You will only bless those who are very close to You with any kind of messages and God please do not stop giving messages to those who find it very hard to do Your biddings because God it can only get very hard for all to do everything that You want all to do so please bless us all my dear good God Almighty.*

**Prayer –**

*God Almighty please let all know that it is now a good time for You to speak so please God let all those who You would like to listen to You listen to You so please let all now gather at some place of any sorts of vibrations where more people can be a good witness to this and please my God I am saying this because God Your power is above every power and so God it does not matter where we can all get together and God please let as many who can join, join in this excitement.*

**Prayer –**

*God please give me some good way to know what is being told to me so that I can do all that requires to be done and God please give me some means to do all that is being told so my God I can now feel safe and sure of my well-being and the well-being of my family so that all are in some good protection of Yours my God and please my dear good God Almighty give us all a good way to be in a good way of worshiping You my dear good God Almighty.*

**Prayer –**

*Please dear good God Almighty we all are in need of some very powerful prophet who can guide us my dear God and God we are asking for this because God now it is getting more hard to understand about all Your ways because God we now have more information of Your*

good heavens than we ever had and so my dear God many of the good prophets have now started to think differently and prophets are on some good ways of thinking still my God we think that what is told to us can only have one meaning so please my God we would like to learn some few things only in some excellent and good manner so please give us some good help my dear good God Almighty.

**Prayer –**

Please my dear good God Almighty please give me one good person's way that can help me to spread Your messages and that can help me to do Your work in a very good manner so please my God please bless me with some gifts of the heavens now.

**Prayer –**

Please my dear good God Almighty give me some good company with whom I can now discuss the good new teachings of heavens and God it is important that someone who will be sent to me is already in a good know-how of all Your ways so please give me a company who can also have a very open mind to understand all the new ways of the heavens and God now soon the earth is going to be very different from what earth is and God with many changes and many new ways it can get very hard for all of us to understand Your ways which are already very hard to understand so please my God it is also very necessary for all to understand what is actually happening so please my God it is now my feeling that nearly all of us will be requiring to have some good discussion on all the new ways so please my dear good God Almighty please also give some good company which can give good company to all only at their individual levels of good understanding so be it my dear good God Almighty.

**Prayer –**

Please my dear good God Almighty please give all some new ways of getting some of Your messages very fast so that now all can unite some people of the good earth and God if once all are well united as one people of the earth then please my God it will get more easy to pass on Your messages fast but God we want all to have some means that are good enough for all to get any good information that they want so please my dear God please bless us all so that we are all very good now and so that we will now live always in peace and now all will have everything that they really need.

**Prayer –**

God please give me some good way to go to some good soul and explain that Your love is the only thing that anyone needs and God please let all know that even though You love all those who are good You do not give Your love to all and God we actually want You to give Your love to all and that is the only thing what everyone needs to have so please give those who actually are good some knowledge of the fact that it is very easy to get Your love and that my God please we are not asking for something much and my God all that You ask of all is that soon New-religion should bring all the good people of the good earth together and that all should now live in peace with each other and God all actually want to live in peace so God please it is not going to be on anyone's part to be able to think that this is something that is very hard and God no one should feel that You are now asking for something very big so please my God do not let anyone now do anything of a way that You would not like my dear good God Almighty.

**Prayer –**

Please my dear good God Almighty please do not get some bad souls to be around me for the next few days and God it is my intention only to be near my prayer places because God I

have decided to take time off only to pray so God my angels are pleased and God I want that I pass on the most perfect vibrations I can generate so God please if there is some need for someone to ask for my help or if there is some need for someone to meet me then please let this soul come to me only if this soul is not capable of reducing my good vibrations even the slightest and God I want this special protection only for the next \_\_\_\_\_ days.

### **Prayer –**

Please my dear God please give me some way to know that those to whom I am giving Your messages are receiving Your good messages in some very good manner and God please I want to know if someone whom I give Your message does not now accept them in the good manner because God if You want someone to do something and God if it is not done then my God all the efforts of those involved to give all good messages are then completely wasted and also God no good soul would not do what You ask but still my God it may so happen that someone may not have completely received my messages or my God it may also happen that someone did not understand Your messages or my God it could even be that someone did try to do but for some reason had to give up in the middle of doing what You asked so please God I do not mean any of such good souls to be not sent to me but God those souls who actually do not do Your biddings and were not in any way handicapped to do Your biddings so God I mean these souls to not then receive my help so please God do not give me any messages for such souls and please my God let these souls now be guided only by their own angels so God I have now some more good souls who would really like that they be guided by You or by someone from the good heavens.

### **Prayer –**

Please my dear good God Almighty please give my family some new protection of the heavens and God I am asking this because God somehow I feel that some force is acting on some of my family members and they are not prepared to pray on daily basis and God no one can accept this to be a way of any of my family members and God they themselves do not know why they get this positive feeling of not wanting to pray and God please I have prayed many prayers of protection to keep them well protected still my dear God no change have come to them so please God I am now making a good request that You please look into what is happening and God if need be please ask some of Your angels to design a new protection to keep all of us well protected.

### **Prayer –**

Please God give me some good way to go to some new way of Yours so God I can now start a new way of creating some good vibrations and God please I am asking of this because my angel tells me that now I am at a good level of having good vibrations and also because God I am now in a good position to give all that it takes to do what is required of me and God any new way will be a hard way because God it may take me some more time to understand everything very accurately and God I may need to practice more than what I would for any known way so please my God now is the time when something new can be started by me and God once I can get to do what is to be done then God I will teach many more so it may get easy to those who may learn the new ways so please bless me my dear good God Almighty.

### **Prayer –**

Please my dear good God Almighty I want to teach many good souls the good ways to be on Your path and please God I want to teach many at once and God if I do that it may so happen that when I teach all of those learning may be at many different levels of understanding still my God it is my wish to spread Your messages fast and that is why I have decided to take up

*a way to teach many at a time so please my dear God when I do this my dear God I want some help of some more angels who may give my thoughts to all in a good manner that all can understand so that nothing is wasted so please help me my dear good God Almighty.*

**Prayer –**

*Please my dear God please give me some good protection for I am going now to teach some group of people who have no idea of Your information of any part of Your good kingdom and God some messengers have made known of Your good existence to these simple people so please my dear God it is very important that I now explain to some of these ignorant souls more about Your kingdom and God I also want them to accept everything that I tell so please my dear good God Almighty please help me.*

**Prayer –**

*Please my dear good God Almighty please give me some good reasoning power so that God I know what are the good requirements of the heavens so that I do not do anything more or anything less to get some good benefit of all my prayers and God please give me a good way so that I can give all some good reasoning too and God please do not let me do anything that is not necessary so God no one does things that have no meaning to You or Your good angels and so God no one feels obliged to do anything that they do not want to but God if there is anything required to keep the evil forces far then please God let all do everything possible to put everything they can to be able to keep the evil forces far.*

**Prayer –**

*Please my dear good God Almighty please give all of good prophets some way to put all the good differences aside so that they do not create any situation which appears to be some good ways of the heavens for others to follow because it will now be observed by all the good people of the earth and God if any of the good prophets do anything that is not required by You my God then please my dear God no good people would like to follow the set practices of any prophets so please my dear good God Almighty please give all of us only the good ways to follow.*

**Prayer –**

*Please my dear good God Almighty please give some of the good prophets some new ways to be able to get Your messages very fast when my God there is some need of urgency and please my God do not give us any ways that You feel we may not understand or follow so please my God please put us all on Your good ways of being able to do many things that You may like my dear God so please help us all my dear God.*

**Prayer –**

*Please my dear good God Almighty please help me to do everything that You like my dear good God Almighty and God I want to do more to help all the good people of the earth and God I want all to benefit from all that I do so please help us all my dear good God Almighty.*

**Prayer –**

*Please my dear good God Almighty please give some of my power to some good prophet so God some good can be done and God please give me more powers so that I can give more power to some more good prophets of the earth and God please let my power go to such good prophets who are not able to build their own power because they cannot pray on a very regular basis and God please because they actually cannot pray for some good reasons with which You are completely satisfied and God please do not give my power to those prophets*

who could have prayed on daily basis but did not for fulfilling some worldly ways of work which did not in turn allow them to pray and God please also give my power to those who could not pray because they were very sick and God when some good thought did come to them for praying some of their prayers but they could not because their sickness prevented them to do anything or concentrate on anything so please keep on giving me more powers because God I will be saying this prayer very regularly now my God.

### **Prayer –**

Please my dear God I want all to live in peace so please God please give me some good means to explain to some very few who will listen to what I have to say very attentively and God please give me some way of giving these few good people a good set of vibrations which will make them think on what I say and God please do not let anyone have any doubts to what I have to say so please bless us all my God.

### **Prayer for all the good prophets to say when they are in need of some good way to prevent some fights among some loved ones –**

Please my dear good God Almighty please give all some good understanding that fighting and swearing is not a good way to behave and God please give a good thought to all that nothing can be achieved in some manner that no one likes including the people themselves who are now fighting and please God let all get to now know no bad language will be liked by You and those who use any bad language will only cause their ability to progress to slow down and God no one will want that so please let me not hear any language that is bad and God please let all the prophets know that if at all any prophet says anything to hurt others or uses any language that is bad for any reason then my God such prophets will keep on losing their power and they may have to pray harder to maintain the level of vibrations of good levels that all the prophets are required to be called themselves as prophets so please my dear God please let each and every prophet have this prayer with them and God please give all the good prophets some good understanding that the bad language came out of their mouths not by any accident but God because this was in the good prophet's mind and God because the good prophet did not build good vibrations enough the good prophet was not protected enough and for this reason the bad thought came out from the prophet's mouth so please my dear God please help us a lot.

### **Prayer –**

Dear God please give me some good way to be able to do all my work with some good thoughts and God now I am being given some work to be done by You and Your angels and God You wish that I put my thoughts into this good project and God You also want that I put some thoughts that are absolutely my own ones so please God please do not let any thoughts enter into my mind which are put in by the evil ones so God I can then only think of my own thoughts and God please also stop all the angels' thoughts for the time that I am left to think of my own thoughts because it is only then that I can say that I am now thinking my own thoughts and please my dear God let my angels know my thoughts and God if these are not the kind of thoughts to go into the project that I am working on then please my God please ask Your angels to stop my thoughts so that I cannot think any further and God if You like please let me forget all that I already thought of so please my God help me to get my own thoughts and God please only let me keep thoughts that are liked by You.

### **Prayer –**

Please my dear good God Almighty please give me some more work into which I can put in some of my own thoughts and God please I am asking for this because You liked my thoughts

*of the way of my own in some earlier project and God this has filled me with joy and God after that I now have some other thoughts of my own which I feel are good and so my dear God I am very excited to put some of these into some good project and God only then can I know that these were some good thoughts and God this will also help Your angels to get some detailed understanding of what we the good prophets are capable of thinking on our own and God this in turn will help Your angels to set some good progress for all the good people of the good earth so that more better vibrations can be made available in more simpler ways and more importantly in more faster and in more quicker way.*

**Prayer –**

*Please my dear good God Almighty please give me some more power of thought because it is very important to have powerful thoughts and God it is so different to having the good thoughts that we already have and God please give us these powerful thoughts only to the extent that we can easily handle them and God when some power is put into my thought then my God this thought can actually cause the thought that is being thought to actually happen and good God for this good reason the power that is given to some thought has to be given only to some very good thoughts so please my dear God not even all of the good prophets of the earth can be granted this good power so God please grant this only to those who do not have any thoughts that cannot be called 'good' so please my dear God only let Your own angels power the thought of some good prophets of the good earth so God more good can be done in some more faster manner of the good ways of the earth so please my God please bless us all.*

**Prayer –**

*Please my dear good God Almighty please give me some means so that I can get someone to get more power of some good thoughts so God I can be much better protected and my God I need power for that reason only so please my dear good God Almighty please grant me this prayer.*

**Prayer –**

*Please my dear good God Almighty please give me some good means to go to some place and think and God I want to think of some good ways to go into a good project that I am working on and God I want some good ways of making things more easier and God I have already finished my project which I think is very good but God it is my feeling that if everything is left exactly in the same good manner that I have completed then my God some may find it as a hard way to work and God anything that is hard is not taken up by many so please my dear God it is my wish that I now try to make things more easy so that many can use and to benefit from this good project.*

**Prayer –**

*Please my dear good God Almighty please give me some power to think only good thoughts because God for some reason I am getting some feeling that I am now thinking some good thoughts that You do not really like and God by that I mean that though my thoughts are good it may not be good to put these thoughts into any use right now so please help me my dear good God Almighty.*

**Prayer for the good prophets to pray which can make some good prophet very happy to say it for the reason that this prayer now can make a lot of work go easily and fast so that the prophet can do more good work for many good people of the earth –**

*Please my dear good God Almighty please give me some ways like God You did in the past and my dear good God Almighty when You give me these new and different ways I always feel very confident of myself and God this in itself helps my vibrations to get well organised and God please I want my vibrations to help many good people so please my God help me to get these in some more easy manner so that my God I can do even more work than I ever did before and my God if You think that I am only saying this prayer only out of some excitement still please my God grant me my wish but my dear God please then grant me also more power so that I do all that is to be done or my God please grant me my wish and please grant me some power only to the extent that I can cope with at my good level so please help me my dear good God Almighty.*

**Prayer for all the good prophets to say when they go to someone and the person is pleased that the good prophets now gave this person some good vibrations that were liked by this person –**

*Please my dear God I am pleased that I could change some thoughts of someone today to be able to now think differently and God so now my God this person can have a good person's way to be able to think of You and God please help this soul more and God now please give me more of Your love so that I can then help more such good souls in such a good and similar way.*

**Prayer –**

*Please my dear good God Almighty please give me some good way so God I know that what I do is always right and please my God it is in my mind to do everything that is correct first by Your laws and then by Your ways but God it may so happen that worldly ways may make others see my ways differently so please my God it is not only a fact that some may get confused but God my dear God I myself can get very confused too so please my dear good God Almighty please give me some help so that I can be good all the time.*

**Prayer –**

*Please my dear good God Almighty please my dear God give me some good way of knowing that I have not at some time hurt any feelings of some good souls and God it is never my intention but my God spreading all the good teachings that have been taught to us so far are not easy to understand and to follow so please my dear God if I do notice that someone is not doing as I have explained then my God it really upsets me and God then I try to be very firm with such good souls so please my God it could be very possible that these souls' feelings can get hurt so please my dear good God Almighty if it so happens then please make such souls think a little so that they can then understand the possible reason of my behaviour and so God they do not carry any feelings of being overpowered and so that they are then helped with good feelings of love that I actually have for such souls or God I would have not said anything to them in the beginning of my conversations so please give me a good help my dear good God Almighty.*

**Prayer –**

*My dear good God Almighty please give more and more power to those prophets of the earth who are only doing Your good work or to those who are only helping good people of the earth and nothing else and please God we want that these prophets have such powers because they are helping many good people of the good earth and God it may happen that if*

*someone needs their urgent help then they will not get a good chance to do all they want and God this can also include to say as much prayers as they would like and please God it can also be possible that they may have to expose themselves to some vibrations that are not very good so please God they will need more powers to get back to the good levels of vibrations so please help us all my dear good God Almighty.*

#### **Prayer –**

*Please my dear God please give all of us good people of the earth some good way to explain everyone not to hurt anyone and please my dear good God Almighty we mean both physically as well as mentally and also that we all should do all our very best not to hurt any feelings of anyone so please my dear good God Almighty please all be blessed and please all be helped to do this.*

#### **Prayer –**

*Please my dear good God Almighty please give me some new way to do some new things with old instruments and my dear God I have many old instruments that I do not want to throw away or please God if there are even some good souls who You think can put these instruments to some good use then please guide such good souls to me.*

#### **Prayer –**

*Please my dear good God Almighty I am very sad today because my dear God I tried all my best to explain some of Your good laws and also some of Your good ways to one good soul who I still think is a very good soul but God this soul would not accept many things that I said and God what I said was something that I am so very sure of and I have a good knowledge of what I was explaining and God also in the past I did explain the very same thing to someone who were poorer than the one to whom I talked and God those souls not only accepted those thoughts in a very good manner but God they now want to know more so my dear God this soul who I was actually expecting to teach a lot is now exactly opposite to what I actually expected to be so please God please comfort me with a good thought that soon this soul will reflect on what was said and done and that this soul will want to be only on Your good ways so please comfort me a lot my dear good God Almighty.*

#### **Prayer –**

*Please my dear good God Almighty please give me some good programme to do my things well and God please I cannot do anything fast if I do not have some good programme and God I am now asking You for a programme for the only reason that I have a lot to do and God a good programme will make me do Your most important work first and God I may think some other work of Yours to be more important so please God give me one good programme to give me some good help.*

#### **Prayer –**

*Please my dear good God Almighty please give me some good person's way so God I can do some work that will be of use to many of the good people of the earth and God I am asking You for this because God I am now not able to understand what will be the good reaction of some good people of the earth if I only make them listen to what I have to say about Your good ways and God it is so very important that all are aware that I am also aware of all the worldly ways and that the only thing that I am saying is that it is much more important to first be on Your ways and after that all the importance of the worldly ways are to be considered important so God please give me some way to be able to get a good attention of many so that some word does go around that I am well aware of all the worldly ways.*

### **Prayer –**

*God please give me some good manner of talking to many because God I find that I cannot explain absolutely clearly Your ways to many because God I get a feeling that all are not putting their mind on what I am saying so God please give me some way to think of something to make my talks more interesting so that I may get the good attention of all and please God let no one be forced to listen about what I have to say so God only those who really want to know something more about Your ways come to listen to me so please my dear good God Almighty please grant a good thought to all of those who come to listen to me.*

### **Prayer –**

*Please my dear good God Almighty please my dear God I am so alone that I am not able to discuss many things that I want to discuss and please my dear God I have so many around me but none of them are to some levels that I would like them to be to be able to discuss something about Your ways or God even about some worldly ways and God please I do not want to waste my time on knowing more of the worldly ways than what I already know but still my God a good stimulating discussion of any sort is a must and so please my dear God if You are satisfied that a good company can cause me to think more so that some more good questions can be asked then my dear God please send me some good company that I will really like and God I will always know in my own mind that this company my God is sent by You so my dear God I will respect the good soul that You will send and God I will make this soul feel very comfortable to be with me and God I will also help this soul to rise spiritually and God if this soul is more interested to discuss Your ways rather than some worldly ways then my dear God I will also give this soul some good vibrations of my own and God if this soul is really a very, very good one then please my God I will also say some special prayer for this soul so that my God this good soul can get closer to You faster so please my dear God please bless me and please comfort me my dear good God Almighty.*

**Prayer –**

*Please my dear good God Almighty please give me some good way to now know what exactly is to be done when some help is to be given to some good people of the earth who are looking for some help of the good heavens and God it is possible that now good people think that to ask for some few things are good because God there are many good prayers in the good book of Aman which specifically are for giving some of the good people of the earth some good things that they never had and God some good holy people still cannot accept this to be a good way of helping some good people so please my dear good God Almighty please give all the good people some way to be able to help all to their fullest abilities so that all can be helped in a good manner that You want any good help to be extended.*

### Prayer –

Please my dear good God Almighty please give me some good means so God I now help only the other good prophets who need help and please my dear good God Almighty if some good prophet wants my help then please my dear good God Almighty I would like myself be made available to help many other good prophets so please help me my God.

### Prayer –

Please my dear good God Almighty please give more people more new understanding to go and meet their good prophets so that new thoughts can put many good people together and God if this is achieved then God more people will pray this prayer and it will make earth a more better place to live in so please my dear good God Almighty please give us all the good help that we may need.

### Prayer –

God please give all of the good prophets some good ways to go to anyone asking for help so God they can keep on helping all and God please even those who are not good enough to deserve any help may ask for some help sometime and God some may even ask for help of a good prophet to change their ways so that they can now be on Your correct ways so please God if this is to be done in a very good manner then God those prophets should be protected in a very good manner and God any of the good prophets are very likely to face such a good situation so please my dear God please protect all the good prophets of the earth when they go to help anyone so please give us all a good protection dear good God Almighty.

**Prayer –**

*Please my dear good God Almighty please give all of us the good prophets of the earth some very special ways to know more about Your good kingdom and God we all understand that there is so much to know that all the good prophets should now ask more and then bind all the good, good information in a good manner that many if not all the good prophets now know more and more of Your good kingdom and God please also give more of us some good powers to make all the work more easy so that God more good work can be now done and God please also let all those who are willing to help, help.*

**Prayer –**

*Please my dear good God Almighty please give me some good power so that my dear God I can remember all that there is to know and please God also give me some power or a good angel's help so that I can use all that I can remember so that I can speak to anyone with full good confidence of my good knowledge and God please give me also some more powers so that I can create some situation which can make more people come to listen to me so that all can get benefited and God please give me some good help to make my work more good and accurate and God in a good manner that You my God would like.*

**Prayer –**

*Please my dear good God Almighty please give me some good means so God I can now teach all those who want to learn some new ways of the heavens and please my dear God it is also important to do all that is required to be done in such a good manner that nothing my God is wasted and God if any prayers are not said correctly then please my God it may so happen that these may go to waste so please my dear good God Almighty please keep all of us well informed to do everything correctly.*

**Prayer –**

*Please my dear good God Almighty please give me some good way of going to some place to think of what is going to be the best way for the good people of the earth to be good and to be always together so God no harm can come to anyone from the evil world and from any of the evil forces and God please give me some very good way to be protected so God I can then also protect others and God a good protection is always a must for all and so please my dear good God Almighty please give me a good, good help of all the good of the heavens above.*

**Prayer –**

*Please my dear good God Almighty please give me some good ways to go to someone who is not good and God I want to make this person to get to know that this person is not so good as*

*this person thinks but my dear God this will not be easily accepted by anyone and no one will agree that there is no good in anyone of us but God it is no intention of mine to make anyone accept anything against anything that someone believes in and God I want all to believe that being very good is very important and God it is only then that there can be some peace so please my dear good God Almighty if there is no peace around someone then my God something is really wrong and God it can be that some person is around some wrong person or God it is that someone is behaving in some wrong manner so please my dear good God Almighty please grant us all some good ways of behaviour so God all can now be only good.*

### **Prayer –**

*Please my dear good God Almighty please give me some proper way to be a good prophet to all and God I can never think of being unfair to anyone but still my God I do not think I am fair to all and God I am very willing to help all those whom I really like but God I am not willing to do anything for those whom I do not like even though I know they are good and God sometimes I do not like someone only for the reason that they do not behave properly and God I mean in a proper manner that all worldly people would like all to behave and God I know this and God I also know that some bad behaviour cannot make a person bad so please my God bless me so that I can love and respect all the people of the good earth if they are really good my God.*

### **Prayer –**

*Please my dear good God Almighty please give all of us some good messages so that those who are not sure of what is expected by You do get to know and understand all to the understanding of the individual levels to be good at least to the extent that there is peace around and please my God please all now understand that if they go to anyone and the good peace around all is lost then God there is something really wrong with such good people and so God please give such people some good thought that wherever they go some evil vibrations are caused so please my dear God please keep such people far from the good people till such time my God they are no longer strong enough to create any bad vibrations and God please let them then be near those who are able to tolerate them and please my God please let them not be near such good children who cannot put up to their bad ways.*

### **Prayer –**

*Please my dear good God Almighty please give some of the good prophets some good power to go to some good place and pray for all of us and God please grant these prophets some good power so that they are in some good protection to give us all Your important messages and please God if we keep on getting the good messages then my God we will all be on Your path of good behaviour and God please we want these prophets to show us all the best ways of getting closer to You and please God we want these prophets also have some power so that my God they are in touch with the good Spirit World all the time and so God anything that they may tell all of us will be blessed by the angels of the heavens or the good angels of Yours.*

### **Prayer –**

*Please my dear good God Almighty please give some good prophets a power so that they can explain to all about Your good kingdom very correctly and God please give some of the good prophets a good power to say what they say in some very powerful ways so that all those who listen are well impressed by their speech and God a good speech is at times more important than a correct speech but God only to the extent of level of correctness is concerned and God please in no way can any prophet or even a good messenger can say anything that is wrong*

and God we want that those who discuss of Your ways and those who are the good people of the good earth also do not say anything that lacks good facts and please let no one say on one's own anything that is false and God with a good intention of causing confusion in the minds of theirs.

**Good prayer for some good prophet to say when the good prophet is only going to do something of worldly ways for others –**

*Please my dear good God Almighty please give some proper way to do what I am now going to do and God please I am not very good at many of these good worldly ways but my good God Almighty some good people have put all their good trust in me to do what they think is very easy for me to do and God I am also confident that I will be able to do this good work to some good extent of people's expectations so please help me my dear good God Almighty that I am now able to finish this in all the expectations that is put by all so my God this is well done and my God so that I too like the way in which it is done and God also in a good manner that I may be again asked by these good people to do more so that they are always helped and God I will make aware to all that if they were happy it was only because we all were helped and God by You or by someone in the heavens who was ordered by You and so please God I will spread more of Your knowledge to these good people of the earth.*

**Prayer –**

*Please my dear good God Almighty please bless us all with Your love to the extent that we are able to receive Your love and God even though You love all the good people of the earth still my God all are not able to get all Your love because my dear God many doubt Your ways even after being helped and God only those who have put all their faith in You and God also only those who are on Your correct ways can get Your love so please my dear God Almighty please help us all my God.*

**Prayer –**

*Please my dear good God Almighty please bless us all with Your love because Your love can do everything that we want and God please give some of us Your love only if You feel that we are at a good level to receive it or some of it and please God if we are not deserving enough then please God please help us because God we all want to be good so that we are always on Your correct ways and so God please we can then get Your good love and God if we do not get Your love then God there is no way that we can get close enough to You my God to feel happy that something was achieved in our world as well as Yours my God so please bless us all my good God Almighty.*

**Prayer –**

*Please my dear good God Almighty please give all of us some good way to get all the prayers well protected and God it is our wish that all those who pray to You my God on a very regular basis should be in a good position to get some good protection of the heavens and God good prayers will always keep on getting closer and closer to You so please God bless us all.*

**Prayer –**

*Please my dear good God Almighty please give me some good way to now teach all the good people of the earth some good thoughts of what they would actually like to know about Your kingdom and please good God I want all to put their complete trust in what is being told and not only by me but also by many others who know all about Your good ways and God please since it is in Your good plan that it is now time for more good people of the earth to know all*

about Your good kingdom so please my dear good God Almighty please give more good thoughts to more good people now to learn more about Your good kingdom.

**Prayer –**

Please my dear good God Almighty please give all the good prophets of the good earth some good powers to keep the good earth always good and God please since no one wants any evil now please keep us now safe and well protected and so God some good powers given to all the good prophets will help us all to keep the evil forces far from earth and God please give us some good power which if collectively used can destroy any evil that anyone may face in some exceptional cases so please my dear good God Almighty please grant us this good prayer.

**Prayer –**

Please my dear good God Almighty please give me some good way to go to any place without any fear and God please if anyone is afraid of any evil lurking around then please guide these souls to me so that I can destroy any evil with the good power of my good vibrations and with the good power of my prayers so please help me my dear good God Almighty.

**Prayer for all the good prophets to say when they want to pray some good prayer when people who want to pray only to worship God so that good vibrations can be created and so that all feel good praying together this way –**

Please my dear good God Almighty please give me some good love of Yours so God I can now pass this to all those who are there around me and please God we all are so very grateful for what we have and some may think that some of us do not have anything much but God those thinking that way do not know that we have Your love and that is the most important thing for all of those gathered here to have so please my dear good God Almighty please bless us all my God.

**Prayer –**

Please my dear good God Almighty please give some good prophets some good ways to give some of the good messages even when these messages appear to be one of some worldly ways which may get very hard for the ones listening to accept and please good God Almighty we all want to be able to accept all that the heavens have to offer and God if we do not like what is being offered from the heavens does not mean that what is offered is not good but God it only means that we are not prepared enough or it can be that what we did till now was only enjoy the good offerings of heavens that suited our lifestyle on earth so good God any change from what we enjoyed may get very hard for some to accept but God it is a must for all to be aware of heaven's needs too so good God please give us some good strength or please give us some good comfort if we find anything that is asked from the heavens above for us to do or for us to follow so please let all of us be aware of all the needs of the heavens as we would like to be aware of all our worldly needs and God please the good need of heavens is only that we live in peace with each other and that we love and respect each other and everyone so that all may have good life on good earth which is of dignity and pride and so please my God that all are helped in the good manner which all like so please my God please give me and please give all a good blessing my dear good God Almighty.

**Prayer –**

Please my dear good God Almighty please give all some good way of loving all those who love them and God it is important and please we do not mean to love anyone except in a good manner of loving and God a good manner of loving is by giving help to those who need help

*and please God let all the good people be guided to the good people so please my God all are helped and God please let us love as many as we can but only to the extent of all our means and please God let us not love anyone more than our family because my dear good God Almighty if at first we cannot love our family and help all in our family then please my God we will not be in some position to help anyone else and please my dear good God Almighty it is possible that some good family member decides to go into some way of experimenting some different way which may be called a 'new way' but that way may not turn out to be some good way that You my God would like so please my God then please let us all help such a person to now understand what is going wrong so that good way can be found to make good return on the good and correct way of Yours and still my God if nothing goes as we wish then God we will stop all our help so that Your angels can then be their guides so God we are now left to help some other good people of the earth.*

### **A prayer for all to say when some prophet wants all to understand about some new ways of the heavens –**

*Please my dear good God Almighty please give all of us some new way to accept what is now going to be told to us by a good prophet who says a good new message has been received and please God anything that is new is not understood well so please my dear good God Almighty we do not mean any disrespect if we can have many doubts and God please help us to understand all the new ways very well so my God we are free from all doubts and please my dear good God Almighty we mean that we do not want any doubts at all however small or however insignificant it may appear so please help us all my dear good God Almighty.*

### **Prayer –**

*Please my dear good God Almighty please give all of us good prophets of the good earth some good way to get all our prayers protected very fast and God we all are aware that we may get some good prayers which can be given to some good people of the good earth or God prophets may get some good prayers to give to their families so God it is also possible that some good prayers could be for some prophet's own use but God any prayer needs a good protection so please God please protect all the good prayers that are given to anyone of us from the good Spirit World and please God we all should now be aware that to protect any prayer we should say a good welcome to all the good angels of the good heavens and please God ask them to place the good prayer that was given to us and place it in front of You so You my God can then grant the good prayer the good protection so God we can then pray the prayer we are asking the heaven's protection for so that the good angels know the exact prayer we have the protection for and please God if it so happens that we have not asked protection for some prayers and we say them still my God please do power them whenever we say them because God these prayers were given from the heavens above and God please power any prayer that we say and please power any prayer that we may give to some good people of the earth good God Almighty because no angels can grant some prayer that my God does not have Your power.*

### **Prayer for all to say when asked by any prophet so that many get good vibrations of all the good prayers of the book of Aman –**

*Please my dear good God Almighty please give all of us some very good protection of good heavens so God we all can now go to some good place and so that we can then get to know some more good things of Aman and God please we do not mean any disrespect but God we can only get to know more if we all have some different ways of thinking and God please if we all think differently but still if we understand the same thing that is understood by all then God we can then think more and God in some many more different ways and God this will*

*also make all of us ask more good questions without my God entering into some arguments and God please if at all we argue for any reason then God the only reason will be God to get to know and understand more so God if we all are able to understand completely after all have argued then my God some got to know a bit more so that after knowing they stopped all arguments and God if someone did not and if no prophet could answer all the questions that the good people were arguing about then please my dear God this will cause a good situation where nothing can be done except that all now wait for some good answers from the Spirit World and so please my God this way we all will get to learn in a good manner so please always keep us well guided my dear good God Almighty.*

#### **Prayer –**

*Please my dear good God I am now not able to do some praying in a good manner that I always did and God in a good manner that I always liked so please my dear good God Almighty do please protect me right now and please God keep me well protected for next few days so that I am once again at a good level that I was always and please my dear God it is my belief that something or some evil force is causing some disturbance to keep me away from my regular ways of good praying so please God keep me well protected my dear good God Almighty.*

#### **Prayer –**

*Please my dear good God Almighty give some good prophets of some good parts of the good earth some power so that if required by some people of the good earth they may be able to do something for them that is very urgently required so please God please give only to those prophets who would need such powers and only for the good period of time that the people require some good help of such good prophets.*

#### **Prayer –**

*Please my dear good God Almighty please give me some good way to be able to go to some place where I do not really want to go and please my God I feel like going only because few good souls have asked me more and more to give them some good knowledge of Your good ways and God I would be most happy to do that but God some few who would be present with them are of some different thoughts and please God even though they have all the faith in Your good ways still my dear God they want to keep on protecting all the good religions that they were born in and God this is so even after You have stopped answering the prayers of all the good religions that were there and please my God I feel very afraid to protect them and so please God please be by my side when I teach what You have asked me to teach.*

### **Prayer –**

*Please my dear good God Almighty please give all the good prophets of the earth some good ways to be with some people who are trying very hard to learn about being good all the time and God please let all the good prophets teach more of such good people so all now know that being good is the only way to go to Your new universe and please my dear good God Almighty it is also very important to be good to keep all the evil very far and please good God Almighty please also let all now know that it will be very easy for all to be good so that good now only remains on earth and please God please let all now protect all so that more people now can go to be good and God please this way all can be helped and now all can feel the good presence of good love of each other so God it is now also possible to feel Your good love this way too so please give us all Your love my dear good God Almighty.*

### **Prayer –**

*Please my dear good God Almighty please give me some good ways so that I can give some who are really good some of Your good love and God I promise to give Your love only to those who are on Your ways and please my God all those who are on Your ways do have Your love and God what I mean is that I too will give Your love and so God I can love all those You love my dear good God Almighty.*

### **Prayer –**

*Please my dear good God Almighty please let all the good people of the earth now get together to get rid of all the evil from the face of the earth and God please now all know that it is Your wish that there be no place on the earth for evil of any sort and so please let all be happy enough to get together to fight some evil force which have gathered enough power to try to destroy good so please God help us now because God with Your good help we can do anything that is of Your wish and so please God all now want to be good and all now want only good on this earth so please help us all my dear good God Almighty.*

*Please my dear good God Almighty please give me some good way to pray so that my prayers get more powerful each time I pray and God please give me a good list of prayers that You want me to pray so God I do pray these more and so God these prayers get more power and God please give this good list to some more prophets too so that the good prayers that You want and those prayers that You think will help more good people of the earth get Your good power very fast and God we understand that all the prayers of Aman are already powered by*

*You still my dear God all those prayed more get powered more so please bless us all my dear good God Almighty.*

**Prayer –**

*Please my dear good God Almighty please give some good prophets some way to power some prayers and God please at times it can get important for us to power some good prayers ourselves and please God we do not mean any disrespect but dear good God Almighty if due to some reason we find that our prayers are not reaching You or that our prayers are getting blocked by some evil force then God we would like to destroy these forces ourselves so please my dear good God Almighty please give us some good power to power our good prayers so that no evil force can then be in any position to destroy any prayers that we then pray to You my dear good God Almighty.*

**Prayer –**

*Please my dear good God Almighty please grant all those good prayers that my God were not previously granted because my God those who prayed were not praying some good prayers properly and please God I have now taught few to pray correctly so my God the good angels can be reached more easily so God please let all now know that the best way to pray any prayer that is very important is by first welcoming some good angels so that the prayers are carefully listened and looked into for some good work that may be required for someone in the Spirit World to grant so please bless us all my dear good God Almighty.*

**Prayer –**

*Please dear God please give me some good way to give some love even to those that I do not like and God only if I am sure that these are actually some very good souls so God I do not disappoint anyone who is good so please my dear God it is my wish that I can love all those who are very good and please my dear God if I can keep on doing this in a good way then my God I will be able to give good vibrations to all that are really good and please God I would like to teach a lot so please my God let all those who are really good now benefit from my knowledge so be it my dear good God Almighty.*

*Please my dear good God please give me some way so soon I can start to do some good work that You want me to do and please my dear good God please give such a good start that all can go well and that my God there are no disturbances till I complete all that is required to be done so please my dear God please give me a message so that I can start Your good work now and please God if it is Your wish that I wait for some more time then my God I will wait some time more and please my dear God I will say this prayer again so that a good message with a good blessing can soon get me started in some very good way to start Your work that is now entrusted to me.*

**Prayer –**

*Please God please give some more power to me so God I can do more and so God I am blessed to receive messages from the good heavens very accurately and please my God it is so very hard to be in a good position to know some good messages of heavens and God please no matter what I cannot say that all the messages of the heavens reach very accurately to me so please my God please now give me a very good power to receive all Your good messages very accurately and God please I am now asking for this because my God I have now reached a good level of receiving good messages of the good heavens so please my God it is also because many good people of the good earth have now put a lot of trust in all that I have to say so please my dear good God Almighty please grant me this prayer so God I can now help many good people as best as I can and God in the best possible manner that You my God would like.*

**Prayer –**

*Please my dear good God Almighty please give me some good way to put down all that I receive and God if I receive a lot of good messages from the heavens and God if there is not good way of putting these down properly then my God some good messages may get lost and please my dear God I do not want that to happen so please my dear good God Almighty please give me some good help to preserve Your good messages.*

**A good prayer for all to pray with some good prophet –**

*Please my dear good God Almighty please give me some good way to be able to give some good person some good way to be so God no one now wants to take anything that does not belong to them so God one more evil way of the evil world now ends on this good earth and please dear God please give all some good way to share what we now have so that no one would now ever want to take anything that belongs to someone else.*

only so God everything that comes new now on earth only brings peace so please help us all my dear good God Almighty.

**The new prophets' welcome prayer and this is to be said by any prophet who meets another good prophet to work with or when God has given some work that is required to be done by more than one prophet –**

*Please my dear good God Almighty please give me a good way to be so that I can now do more and please God I am now blessed with the good company of \_\_\_\_\_ who is going to do and discuss many of Your ways with me and God if we have to work together to do some good work of Yours then my God we will do our best to put all our good thoughts together so God more power can be given to any work that we do so please keep us well protected my dear good God Almighty.*

**Prayer –**

*Please dear God I want all to live on this earth in peace and harmony so please keep me well protected my dear God when I now explain to anyone to live in peace and harmony then please let all feel peaceful and my dear God please let all get some of Your love so that all can now love all to be in good peaceful manner with all and please give Your good love to all as per their individual levels of receiving Your love.*

**Prayer –**

*Please my dear good God Almighty please give me some sort of a way to go to some place where I can feel very close to nature and also because I can pay attention to all the good details of Your creations and God I find everything that You have so far created to be so very beautiful and please God if I am very close to nature and God if I can somehow get some sort of different vibrations then God I can have some different way to create some new vibrations which can then make me feel the good peace of the nature and God if You think that this will help me to get more peace and God if God there is some way in which I can spread this peace to others then please God please give me some way to pass on this peace to others so God more have different methods of getting peace and in some more different ways that each one like and God the peace that is found in all the good nature is of a very high order so please God please let us get peaceful and so God please let more peace now spread in this good world my dear good God Almighty so please my dear God let all also now know that one good way of getting some more inner peace and so God people can then listen to their voice of good angels so to be more close to nature and God we all can find this very hard to do because God for many the good worldly way of behaviour may not make it so possible to be with nature or to be in some natural surroundings for long still my dear God please let all know that it will help all so if little time to be with nature is taken then my God it will help all to refresh all their vibrations and so God this will also help all to be close to some good angels so God all can then get a good benefit of being able to get closer to You my dear good God Almighty.*

**Prayer –**

*Please my dear good God Almighty please now bless all the people of the earth so God we can now start to witness some miracles of heavens and please God I am asking of this because now we want more people to put more faith in what they are told and God for some good people who are still very unsure of the working of Your ways and please God I want many now to join together to form a group to help each other and please God I only want those who have put in all their good trust in all Your good ways so God we can then pray some good collective prayers so God now more and more powerful prayers can be prayed*

*and God we want to be in a position to pray more powerful prayers to keep all the evil away from us so that more good get together to be able to help each other so God no one in the good group is felt left alone so God any needing any help of heavens can now get it very easily with the power of collective prayers.*

#### **Prayer –**

*Please my dear good God Almighty please give me some way so God I can now do some good thinking of what is happening now God that I have so much more new knowledge of Your ways so please God please give me some new thoughts so that they can make me understand all about what has been told to me and God please give me some good company with whom I can share some good thoughts and so that I can learn too and God it is so very important to know more and to think more so God more can then be understood by thinking and please dear God please give me some new way to share my thoughts so God we can now all know all.*

#### **Prayer –**

*Please my dear good God Almighty please give more good people more good thoughts to pray so God they are good and so that they remain good and God we all can now all do our best to teach all some new way of Yours and God all are at some good position now because all are good and now all know more of Your ways and so God please let all now teach good people who have not learnt about Your ways but still are willing to learn.*

#### **Prayer –**

*Please my dear good God Almighty please grant all a good prayer if a good prayer is said by some good person of the earth and God please by a good prayer I mean a good prayer asking for some good help of the good heavens and God please give Your help only if someone deserves to be helped because all good people rely more in asking for help rather than helping themselves and so please God grant all the good prayer.*

#### **Prayer –**

*God please give me some good way to go and get some good new things for my family and please God please let me get only those things that all need and please God please give me some way to get those things in a way that I do not pay anything more than what the thing is worth and please God let some angel guide me so that I do not get something that can lose its usefulness soon enough and God please if I am guided to get anything and God if it is not very useful still my God I will use it till the end of the life of that thing.*

#### **Prayer –**

*Please my dear good God Almighty please give me some strength to face those people who are trying their best to prove me wrong so that God they can teach what they want even though they are not sure of what they are teaching and please God I do not mean any disrespect but God they only want to teach to make others think they know and please God even if they know all of Your ways still my God they only want to teach for no reason than to get some rewards of various minds and God this is not the good way of teaching Your ways to all those who do not know more about Your ways and please God now let all know that Your ways can only be taught by those who are very humble and by those whom You or Your good angels have chosen to teach so please dear God now let all know that it is Your wish that actually all should teach all so that all know all but God let only the right things and those things that are accurately understood by someone be taught so please God please stop all those who do not teach in a right way to right people and please God keep a close watch over*

*all and please God ask all Your good angels to keep close watch over all of us so that all do accept only Your good ways that are very accurately taught.*

#### **Prayer –**

*Please my dear good God Almighty please give some of us some good ways to help all those who are not in some position to stand by themselves to all that You would like them to do so please dear God all can now live in good dignity and with pride so God no one now feels left out of anything and please God let the dignity of each person be complete in each and every respect so God no one now feels anyone more superior or inferior than one's own self so God all can then respect each other and God this also can be one way to live in peace with one another.*

... Now please remember that it is very important for all to have their own dignity so all can be proud of everything that they do so now no one feels any reason to give any boost than what really is so all should realise that making any fake impression is of no use because it is not lasted and all will know of all good ways of everyone in the end – so please all of you give to only love and support each other...

#### **Prayer –**

*Please my dear good God Almighty please give all on this good earth of Yours some way to love anyone who is willing to love them and please dear good God Almighty this is so very important for all to know and for all to understand so please God let all the people of the earth know the meaning of love by feeling love in their hearts and in themselves and please my dear God how can we get this if we do not get some love from You so please my dear good God Almighty please give most of us Your love and please God we all want to love one another so please let someone or the other keep on reminding us to love one another because God it is only then that we all can live in peace.*

... so now do all that you can to start loving more people so that God's love can now reach many good people who are now on earth – please pray more ...

#### **Small but powerful prayer for all the good prophets to have –**

*Please my dear good God Almighty please live in my heart for all the time that I now have left on this earth and please God let all those who have not yet put some faith in Your prophets now see Your power inside me so God now no one can argue with me about Your love in my heart so please God let all those who are very bad or evil now fear me and please God now let all those who are really good be with me because God I cannot be with anyone who are not good and please God I also cannot be with those who do not live in peace and with dignity to respect each other for all the good power of Yours that shine in all such good people so please God please do be with me all the time now.*

### Prayer –

*Please my dear good God Almighty please give me some good way to go to some good soul who is not bad or who is not one that can be called a very good soul too so that I can now give such souls some new thoughts of which there is no good answer available to them within their individual means so God the only good option that they can have is to only come to me so God now I am in a position to now teach such person all that can be easily understood by them so please God give me some good help of the heavens when God I teach such good persons.*

*Please my dear good God Almighty please give me some good way of loving so God I can now be in a good position to destroy all the evil with my love and God please it is of my know-how that love is no power for anyone in the evil world to have and God if any in the good world of the evil world are ever exposed to some vibrations of love then the evil is easily*

destroyed and God evil is not at all attracted by love and God evil wants to destroy love so please God give me enough love so that I can use a very large part of it to destroy as much evil as I can so please help me my dear good God Almighty.

**Prayer for all prophets to say when they want some help of the heavens so all can now get the help of heavens more easily because earth is a good place now –**

Please my dear good God Almighty please give us some good blessings of Yours so God now all are helped from the heavens so now all also know that they are being helped from the good heavens so please dear good God Almighty please God please now give all some good power to be able to talk to someone in the heavens whom they can rely on for heaven's help so now God all are very sure of being very good and doing something that is only good and please still there will be few who may not be in some position to ask for heaven's help for some reasons that can keep them very busy by helping the good people of the good earth so God please give such good people some way to get a good help of the heavens through Your good messengers or through Your good prophets so God now all are in good position to receive heaven's help when they want them and please God even when no good help of heaven is required still my dear God still let all be in a good position to be helped by the good souls or by some angels when some help is offered by the good heavens so God people are aware that good help of the heavens is a must and so God world then cannot remain to be a better place without some good help of the good heavens so please bless us all my dear good God Almighty.

**Prayer –**

Please my dear good God Almighty please give some of us good prophets some good power so God we can then be in a good position to perform some good angel's work on earth so God some good people can now be helped so God the good help is very fast and so God that people can also be aware of Your power in a few of us and please God please give this good power to only those who do not want only to do some good worldly duties so God these good prophets can then go to people of the good earth and help them when help is needed so God these prophets are free to do only Your good work in the good manner of help of heavens so God the good help of the heavens now reaches fast.

**Prayer –**

Please my dear good God Almighty please bless me with some good gifts of heavens so God I can then in turn spread these so all good people are now blessed too and please God I want all to be free of all the worries so that now they do not want to show any good intentions of wanting something they do not really need so God now progress is only in some good ways of helping good people of the new earth so now all will be in a good position to do some good work and so God the evil can now not come near any good person so please let us all have this blessing my dear Almighty God.

**A good prayer for all the children of the prophets to say with the good prophets –**

Please my dear good God Almighty please give us some good way to now know more about Your good kingdom so God we are blessed to know more and God we all are so very grateful for keeping all of us together so God we all can get to know more about the good ways of the good heavens so God we can also share some of our knowledge with those who want to know more of Your good kingdom and God please let all of us always be in a good way of loving and behaving so God we do not do anything that is not of Your ways and God please be with all of us or please ask one of Your own angels to look over us so God we do not enter into any arguments with each other and so God we can then be helped not to enter into any

arguments with anyone on this earth because God we will all want to help all those who want to argue and God we can only stop all arguments only if we know enough so please God let us all be guided to know more of Your ways so God we are all always in the good know-how of Your ways and Your good kingdom.

### **Prayer –**

*Please my dear good God Almighty please give some of us a good way of being good so God no one can do anything to make them bad so now they are not at all in any position to give out some bad vibrations at all and so God they can now always remain good to spread all good vibrations and also spread the good knowledge of all Your good kingdom and so God they can always help others to be good so God they all in turn help more good people and so good God Almighty soon earth can be full with only people who are in no position to give out any vibration that cannot be called 'good ones' so God then the people can now all without any exceptions be called as 'good people of the earth' so God then earth can again be as some very good place that was planned by Your good angels and after that God we all can then move to some even better place together where there are no worldly needs as we see them now so now all can be very powerful themselves to be able to destroy any good evil.*

**A good prayer that people should say with some good prophets and there has to be a presence of at least ten good prophets when this good prayer is said so please pray this all together only if there are at least ten good prophets and only if all the prophets who are present agree to pray this good prayer with all the good people who are present –**

*Please my dear good God Almighty please give me some good power to destroy evil in any form if I am faced at all with some evil of the evil world and God if at all this should happen then God I want to put this evil to an end so God I am not once again left to face any evil of similar sort once again and so please God also give us some good prayer to pray to destroy this evil and please God no one of us present here are in a position to destroy any evil without some help from You my God so please my dear good God please give some good angel's help so that we can achieve this and please God we may soon please be blessed with the prayer we asked for.*

So please after saying this prayer please let any one of the prophets present – power one prayer and give to those present.

### **Prayer –**

*Please my dear good God Almighty please give me some good way to comfort those who need comforting and please my God I want to comfort those who are sick so that they know that this is to be accepted and so that they do not feel that it is hard for them now and please God please if I find someone suffering more than what I feel is necessary then please God please bless this soul not to find it very hard to suffer so good God this soul is at some peace so God this soul can also think of all in the heavens and ask for their help and God please allow anyone in the heavens who wants to comfort this good soul to comfort this good soul so God more comfort can be given and please God give this soul some good way that some simple wish of this good soul be granted and God if this happens God then God that will comfort this good soul the most and God please if it is Your wish that I do not say this prayer please then God please let no one hear this prayer so that it now stays only with You my dear good God Almighty.*

### **Prayer –**

*Please my dear good God Almighty please give some good souls some good manner of behaving so God they do not want to offend anyone and God these good souls are very good*

but since they do not behave in some good manner that is liked by many so they are sometimes called bad and God these souls are also on Your good ways so please God a good behaviour is very important to these good souls so please bless them my dear good Almighty God.

#### **Prayer –**

*Please my dear good God Almighty please give me some good way to be able to communicate with many good souls or some good angels of Yours so God I can then be of use to get more good information of heavens for some good souls and also for some good reasons because God I want to talk to many of those who are in the good heavens and please God I do not mean any disrespect but God I am very eager to talk to those whom I love and know that they are now in the good heaven and please I want to talk to only those whom You would wish me to talk with and please my dear God if those whom I want to talk with have more work to do then please God I will talk only to the extent that they are prepared to talk with me so please God give me this precious gift of Your love.*

#### **Prayer –**

*Please my dear good God Almighty please give me some good way of being able to help those who need help and for those people who are not asking for some help so God I can be of use to them for getting them some help from the heavens and please God I may not be able to give someone some worldly help still my God if some good soul needs some worldly help then I will try to get this for this good soul but still my dear good God Almighty I may not be able to try very hard to give some good worldly help that this soul may want or need so please God please give this soul enough understanding that it can be possible for me to get a good heaven's help which this soul should keep on asking for and that some people may then be able to give this soul the help that this soul needs because some good help was given from the good heavens which appeared to be some help of the worldly ways.*

#### **Prayer –**

*Please my dear good God Almighty please give me some way to help those who are asking me for some help of the heavens which I am not sure of asking anyone in the good heavens and God I am not sure because I am not sure of the the good help that is being asked for and please God I am not sure for the reason that the help that is being asked for appears to be so very worldly which my God some small good soul of any level may be in some position to help but God all want that I now ask for heaven's help so please my dear good God Almighty please grant me some good reasoning power too so God I know exactly what to do.*

#### **Prayer –**

*Please my dear good God Almighty please give all the good prophets some way of being able to let all the good people of the earth know the good meaning of the good messages that are received properly from the good heavens so God it can get a good way of knowing all that heavens have to offer so please my dear good God Almighty please give most of us some good knowledge of Your kingdom so that we all can give a good thought to now progress faster.*

#### **Prayer –**

*Please my dear good God Almighty please give me some good thought so God now I can think of some better ways of doing my work that You entrust me with faster and so God all can be blessed more and also because all can now progress faster and please we all want to now progress faster because God we soon want this earth to be exactly as You have planned*

*to be where God now many of the sickness will be under our control and God once this earth joins with Your good heavens then God this earth will be a very different place where some work of the good heavens will also be done and God where Your wish will be the final word for all of us so please my dear good God Almighty please now keep on progressing us fast my dear good God Almighty.*

#### **Prayer –**

*Please my dear good God Almighty please give me some way to now know that the world is now very good so God I can now tell some people of the good earth that You are very happy by some progress made by all the good people of the good earth so God soon all the good prophets should now come together to join the good earth with the good heavens so now people can travel more easily between heaven and earth because God now the only place to go from earth will be the good heavens so God You can then call anyone You need to Your good new universe so God no one now feels some pains of anyone going away where my dear God You would like them to be so please God now all are very happy all the time and so God now all are satisfied that this was achieved only by Your good protection of keeping the evil away and now God all are very happy to live only in good thoughts so that only good work can now be done and so God now no one fears the good evil world because God now there is no way for any evil to come close enough to us and God any attempt of the evil to get any closer will now be completely destroyed by any of the good prophets of the good earth so please give us some good help of some good prophets to all of us all the time.*

#### **Prayer –**

*Please my dear good God Almighty please give us some good prophets many good and different ways of making people good and happy so God now earth can always be a proper place for all to be in and so please my dear good God Almighty please keep on blessing more and more good prophets with more and more gifts of the good heavens so now more good and different things can be made known to mankind so now people of the earth can get more powerful so God please help us all my dear God Almighty.*

#### **Prayer –**

*Please my dear good God Almighty please power me with some gift of heavens so God I can now see some of Your good helpers on this earth so God I can tell them if they do not know that they should now also do some of Your work for which they were sent so God more good can now be done and God please also please let me be aware of those who are also aware and help the good people of the earth so God I can give them some more good, good vibrations when some of them are in good need of these and my dear good God Almighty I would like to help as many of Your good helpers that You would like me to help and God there could be no better way than this to make good progress that You dear God want all of us to make so please, please give me this good gift my dear good God Almighty so now I can also do more so God I do not now feel that I do not have some good strength enough to be of some more service to You my dear good God Almighty.*

#### **Prayer –**

*Please my dear good God Almighty please give me some good way so God I can now only love and please good Almighty God I want to love all those whom You may wish that I do love so please my dear God I once again ask You for Your love so God now I can also love even some of those who I find very hard to love so God I only love because it is Your wish and God if at all I find it very hard to do this then please my God I will ask Your good angels once again for some more strength to go through this so that I can also start to learn to love*

*those who sometimes are very hard to love but still my God at times it can get very hard to know and understand if I should love some who may not be on Your good ways and please my dear God I can love only those who are on Your way only and not those who think that they are on Your ways so please my dear God please keep such people even if they are not really bad but if they are not on Your ways far from me so please God I can always be blessed with good vibrations only and so God I do not lose these to anyone who is not really on Your ways.*

#### **Prayer –**

*Please my dear good God Almighty please prepare me for my final days on this good earth of Yours my God so God I do not now wrong anyone so God no one can get hurt by what I say or what I do so God I can not only keep my good vibrations but so God I can also create some more good vibrations so please let only those who know Your ways come to me to learn more and so please now keep me very far from all people good or bad so God I do not give any chance to make someone feel some ways to argue with me and God please if You feel even those who I love very dearly may get into some arguments with me then please God keep those loved ones very far from me and please God if it is then very necessary then please my dear good God Almighty I am myself prepared to go away very far so please guide me my dear good God Almighty.*

#### **Prayer –**

*Please my dear good God Almighty please give all of the good prophets of this earth to know what Your good plans are and please dear God we all do also understand that at times some good plans of Yours can only be made known to few of the prophets only and so please my God we all would like to be some part of all Your plans so please God if it is Your wish then please dear God please guide us to these good prophets so that we can all now know of all Your plans so please keep us all very close my dear good Almighty God.*

#### **Prayer –**

*Please my dear good God Almighty please guide all good prophets of the good earth so God now all the good prophets know when there is some good need for saying some good collective prayers and please God let all the good prophets know that some good collective prayers if said by some prophets collectively will then straight away reach Your own good angels so God such prayers can then be granted very fast and so God please it can be possible that some good prophets may sometimes be in some far off place where many prophets may not give time to be with such good prophets so please dear God please give some ways for all the prophets to have so God all can be in some position to say some good prayer collectively with some good prophets so God no good prophet is left alone to feel that good collective prayers cannot be said.*

#### **Prayer –**

*Please my dear good God Almighty please give some good prophets some way of giving some good soul some good advice when some good advice is a must for some good soul so God all are kept easily on Your ways and please God please let all the prophets only advise good souls to be on Your ways and please God if some soul comes to some good prophet so that some good words may make this good soul happy then please my God let the prophet say something that can please this soul and please God please then please let all of the prophets have Your angel's good guidance and help to say only what is very necessary and nothing more than what can be called 'a good heaven's speech' so please good God Almighty please guide and bless us all my dear good Almighty God.*

### **Prayer –**

*Please my dear good God Almighty give me some good way to be truthful in all the ways and please God many times it can get very hard for me to give out some true facts for many good reasons and please God many times I say things that are far from correct and please I do not want to misguide anyone so God please the only time when I say something that is not correct is for the reason to make the person who is listening more comfortable and so God I think but God it gets very hard for me to know and understand that no matter what the truth will always be real and no matter what anyone says or does it is not possible to change something that is real so please God please give me strength to change my ways so now God I am in a position to say only the truth when the real situation demands the knowledge of truth so God no one stands in some way to be deceived so God all can be open and have good open minds so God all can be helped to be good and please God let me not speak something that is true and something that is not asked for because God also telling something true when not asked for can cause harm to someone so please God let no one harm anyone by saying something that is true but not necessary to be told and please God no one's deliberate wrongful actions be hidden by anyone and so please God let all speak of these to all so no one can hide some wrong actions of someone.*

### **Prayer –**

*Please my dear good God Almighty please give me some good manner of behaviour to meet some good prophets of Yours on this good earth so God I can then discuss all that I know and in turn they can discuss all that they know so God there are no doubts in anyone's minds about the correctness of the discussions because God all only received messages that were sent from the good heavens and please God if there are some differences then please God let these be discussed in detail so nothing is kept away in anyone's mind now so please dear God let all be now in a good position to understand all the good messages of the heavens.*

### **Prayer –**

*Please my dear good God Almighty please ask some good angels of Yours to guide me when I need some guidance the most and please God I am now being always guided still my God I am praying this prayer in case I do not pick up what is being told to me so please God give me some protection so God I do not give some good information that may cause some doubts in some minds of some good souls.*

### **Prayer –**

*Please my dear good God Almighty please give me some good methods of worshipping You so God now all that I pray for is only good so God no other thoughts can now enter my mind when I pray so please God keep all the good and the bad thoughts away from my mind when my God I pray to You so please power my mind so no thoughts except the ones I pray for now enter my good mind.*

### **Prayer –**

*Please my dear good God Almighty please give me a say in my family so God all now pray in some good manner that I want them to pray so God You are pleased that good way of praying now creates better good vibrations so God now my family is blessed by all my good angels and also their own good angels so please guide my family God as I am guided so that all my family can also now progress but God if any of my family members need some good support of the good heavens then please grant this to them so God I am at peace with some good knowledge that all want to progress and please grant some family members of mine some good power so God during my absence for any reason the other members of my family*

*always listen to them so God please let them guide those who are asking for some guidance and please God please keep each and every member of my family happy so please let us all be blessed now my dear good God Almighty.*

**Prayer –**

*Please my dear good God Almighty please grant all those who ask for some way to get close to You so God they are blessed with some good angel's help and please God grant these only to the good souls who are really good and God if they have not harmed anyone in some evil manner so please God give me a good way to teach some good souls to progress in a good manner that no one thought possible before.*

**Prayer –**

*Please my dear good God Almighty please give all some strength to accept all the good information of Your good kingdom so God no one now doubts what all the good prophets say so God please give all good prophets some more information almost on some good intervals so God more can now be known to all of us on this earth and please God it can get very, very hard for some prophets to be able to explain some true facts of Your good kingdom and please God there is no way to prove any of the information that any good prophets may have without Your help so please God help all the good prophets so God no one can doubt us now and please God please work some good miracles now on some good regular basis so God all now know what all the prophets say is absolutely correct and so God no one now needs proof of any sort to prove Your good existence and also the good existence of Your good kingdom in the heavens above.*

**Prayer –**

*Please my dear good God Almighty please give me some good prayer which can help me to go to some place where I have never gone before so God some good people who have not known more about Your good kingdom can now know more so God more are now informed of Your good kingdom and please God I will not mind even if I may have to travel with some hardships or God if I may need to stay at some good places where there are no comforts of home or the comforts that I would normally like so please God I am not wanting to think any comfort to be with me for this good work so please God give me this work of explaining to all of Your good kingdom to some good souls who are not able to get this good knowledge easily and please God please bless all such souls so God they can get to listen to more good prophets so God now they can progress and please give these souls good understanding to listen carefully all that is being said so God they all understand all that is being told so God they show more respect for Your good angels so God they feel happy and want to keep on listening more so they are absolutely satisfied with the good knowledge that it is very important to always be on Your good ways and please God if anyone of them wants to listen even more than what I have already spoken and God if You think this will also benefit more then please dear God give such good souls some good means to be able to do this and please God if these good people are deserving enough then please God send some good prophet to be with them all the time so that these people are guided in all Your ways as well as all the good worldly ways and please God I do not mean any disrespect if I do not want to be with such good people for long period of time because God I have so many other things to do or God I would like to be with my family and God if these good people would like me to visit them again then God I am prepared to pay these good people as many good visits as I possibly can so please bless us all my dear good God Almighty.*

### Prayer –

Please my dear good God Almighty please give me some way to know what is wrong from right in a good relation to all the worldly ways so God I can do no wrong willingly and God I find that at times if I may want to do things that are right by Your way can appear to be some way that is not good enough for some people to accept but God no way of Yours can ever be such to be bad in any worldly ways so God please give all some good understanding to now know that I will not be doing anything that may ever be said to be not Your good way of doing and so please God let those who then think that I have done something that was not good enough to be said as some good worldly way get to know and realise that what I did was not actually wrong but it only appeared to be some sort of a way which could not be called a good way so please God let all now realise that what is more important is to do what is right and not what appears to be right so please God be with all the good righteous people so God all these people are helped by getting the ever greatest help from You so God nothing can now anywhere be in any way that can be above the good right ways of heavens so please, please bless me and all those who are on Your good right ways.

### Prayer –

Please my dear good God Almighty please give all of us some of the best ways that the heavens would like to offer so God all can now only be on Your correct ways so God now the good earth can prepare to soon be with Your good heavens so God now no one in the heavens and no one on earth ever behaves in any such ways so that they ever lose their levels now so God with this way of behaving no one can now create any sort of good vibrations that are now lower than what all already have so please God now the only way for anyone to be is a very good way so the good progress is always good and so God now no one can lose any steps on this earth so please God now let no one lose steps in heavens so now no good soul ever can step into any level that is lower than what each soul is already in so now all can be in a good readiness to start the good progress so that now earth and heaven now becomes one so we all now have more to look forward to in some more different ways so God now the progress is even more and so God all in the heavens are now more powerful too and so God You too now power all those who deserve more power so God please give us all, all that is needed to be very good now.

### Prayer –

Please my dear good God Almighty please give some good powers so God I can now only destroy evil if evil is really evil so God now evil is removed from the face of the earth till dear God there could be few who may only appear to be evil but God these poor souls are only on some bad ways of the evil so please God please let me have some good power so God I can then be in some good position to over-power the evil of someone who is not really evil so God now this person can also know about good benefits of moving away from bad ways that are now the part of this good person's life so God more good people can also join forces to overpower all the evil of the evil world and please God if such a soul ever does or God if this soul ever even thinks of anyone of the evil ways of past then please God lend this soul some very, very powerful angel of Yours so God this soul is protected from most of the evil vibrations and also some evil thoughts so God now only good can come near this soul so please God bless such souls so that they can now progress to be good so God these souls can also create only good vibrations so God they only think of being

good and that they are able to be so very good that now they can also be called the good people of the earth and so God that they are also proud of being good so they willingly give some help to all those who need help and God if the good progress is progressing these souls then please God I will give this good prayer to all the good prophets so God they now pray this good prayer that is now well marked in the good prayer book so please God please bless me my dear good Almighty God.

Please my dear good God Almighty please grant me a good way of protecting those wanting some protection so God now all are well protected so please God if there are any souls who do not have sufficient good vibrations and God if these souls are prepared to build up their good set of good vibrations then please God please give me some good ways of lending some of my own good vibrations so God this soul is protected enough for the time necessary so God then I am able to take back my good vibrations once again so God now no souls can have any reason for not praying enough to get one's own set of good vibrations but God if anyone has lost some good vibrations for some good reason with which You are completely satisfied with the good reason for any good soul not being in some position to pray then God please give me a way so I can then give my good vibrations to this soul at the good levels that this soul is in and please dear God if in doing so I lose a very great part of my vibrations then please God please ask some good angels to then give me some good vibrations of my levels so God I do not then lose my good power on earth so God I do not become helpless when some evil force is near me so please bless me with this good gift my dear good Almighty God for which we all the people of the earth will be ever grateful.

#### **Prayer –**

Please my dear good God Almighty please give me some good way to pray so God now some prayers that I want only reach You my dear good God Almighty and please my God dear good God Almighty these good prayers which I will pray will be only those that I was asked to pray to You for Your good guidance or for Your help or for putting in place something that You have planned for us so God I will now pray such good prayers so God only You can listen at good times that such good prayers are needed to be prayed so please God let no one be able to know these if these are not needed to be known to all so God only now You may give Your good decisions on further ways of doing things that You have planned so God You can sometimes

entrust some work that is then only required to be done by Your own good angels so God even if other angels were in some good position to grant these prayers they do not do so because only dear God Your plans are not known to all in heavens too so please guide me my dear good God Almighty.

#### **Prayer –**

Please my dear good God Almighty please give me some way so God only those who are aware of Your good plans and believe and trust them only come to listen to me for more information of Your plans so God only those who need more information are now informed but still my God I will always help all those who need help so please God guide all the good people to me so God I can now only behave in the manner that You like my dear good God Almighty.

#### **Prayer –**

Please my dear good God Almighty please give me some good way of doing some of Your work so God I can now finish what was left unfinished by some other prophet because You my God called that prophet away for doing some more important work of Yours and please God now give me some good way to know exactly what the good prophet did so God I can keep on continuing the same work in some very good manner so God no meaning of what was told is lost and please God also that no new meaning is now added by me so please help me my dear good God Almighty to finish this work accurately and also in some good manner that You will like.

#### **Prayer –**

Please my dear good Almighty God I am now asking for Your good help because God I am now not able to carry on the work of some good prophet which my God was so very nicely entrusted to me so please God give me some more good help than what I have at present so God I can understand all that I have so far not understood so God I can finally finish everything exactly as You would have liked the prophet to complete and please God I will not at all rest till I am completely satisfied myself that I have understood everything in every detail so please God bless me to be able to finish this work in the good manner that You have planned for this work.

#### **Prayer –**

Please my dear good God Almighty please give me some way so God I can now ask for some good angel's help so God no good work can now remain unfinished by me so God all that You have now entrusted to me is always finished so please God do not recall me to Your good heavens till all my work or till all the work that is entrusted to me is complete so please give me all the good help of the good heavens my dear good God Almighty.

### Prayer –

Please my dear good God Almighty please give me all the protection I need all the time so God I am always protected enough to put all my work in some place where no evil can get some bad vibrations near so God all that I do is so good that no poor vibrations spoil what I have set out to do because God You want some good work be done in some specified time that I myself do not know so please God keep me and my work safe so all can be done in a very good manner that You my God would like so please help me my good God Almighty.

### Prayer –

### Prayer –

Please my dear good God Almighty please give all some good angel's help so God all can now be at peace with not only themselves but God with all those whom they all interact with so God no one feels that anyone is bad so God all feel good and so God all think that good is being done to all so God all also want to do only good so no one thinks of doing something to hurt someone so God now no one can create some bad vibrations knowingly or unknowingly my dear good God Almighty and please God help all to be good so God now all can create some ways only to make all think and feel safe as no one now wants to defend anything so please give all some good ways my good God Almighty.

### Prayer –

Please my dear good God Almighty please give me enough strength so God I can appear to be strong when God I am not actually very strong so God please when You give me some good work or when God You may make me do Your will then God I must appear to be so very strong so God many other souls may have enough faith to do what is being told so please God do give me some help when I need Your good help.

### Prayer –

Please my dear good God Almighty please give me Your good blessing so God I do not fear to do what is being told to me and God please all be aware that whenever some work is given from the good heavens then my God some angels are always entrusted to these good souls so God these souls are always protected so God Your work can be done and my dear good God Almighty please also let all know that there is nothing to fear and any fear or doubt only slows down some good progress which my God You will never like and please God please let all also be more aware that the harder Your tasks are the more protection is offered by the good heavens and

please God please give me and all those who are entrusted with some work of the heavens good thoughts to finish all that is entrusted in some very good manner that is liked by all in Your good heavens.

### **Prayer –**

Please my dear good God Almighty please give me some good place to be with my family where we all can now develop some good vibrations of some high order so God all can have these for long time enough to keep all blessed by loved ones of the heavens and also so my God all can now discuss everything of good ways of heavens and the good ways of the worldly ways so God all can now teach and be taught by all so God in this manner more good thoughts can give more good thoughts to those who are now working on some projects or also to those who are in need of some good thoughts.

### **Prayer –**

Please my dear good God I am so proud of now finishing my term on this earth and my God by this I mean that I have done everything that You liked and God I did everything that I liked and so my dear God now I have nothing more to do except keep on creating some good vibrations which will help all and God till I am now here I will keep on helping all those who will approach me for help and God I will now do all my best to give all those who will listen to me all the good knowledge of Your kingdom and God I will now only talk to those who know about Your existence and about the good existence of Your good kingdom and so please God please keep on giving me more and more good information of Your good plans so God I keep on getting to know more so please God now please bless me so still I can be of use to many good people of this earth and please God let my good prayers now only be of the highest order because God now I will not pray for anything for me and God please from now on if at all I will pray it will be for my good family and for the good people of the earth so please God please help us all when we now ask You for Your help so God now all Your good angels can be pleased too and God now still till I am on this earth my God if You think that I have not done a few things that I had actually planned or my dear God if You still feel that I need to do something more then please my dear God guide me so or God now please let me now enter Your heaven's gates and God please let me enter to the good level that I have earned and God now let my last good prayers also let me thank You for all Your good help and please God I do not know all the good angels who helped me to make my stay on earth comfortable and God what is most important for the good thoughts that they gave me to progress very fast and so please God please let each and every of these good angels know how grateful I now am so God they are pleased and so God that they also may come to greet me when I am at Your good heaven's gates and please God I have asked all to pardon me if I did cause any hurt to any feelings of anyone and so please God if I have left anyone out then please let the good angels of such souls know of this so God they know that any good soul will and can hurt any other soul because God all are human and so God all humans have all human feelings and God all humans also have a human behaviour which can give at times some information which can be very different from those in one's mind and God any soul who can be on Your ways will always want to be good and God I am one of the very good souls of the earth so please my dear God now please let all feel and think only good of me so God no one feels or thinks in a way that is very different from what I am feeling and thinking now so please now my dear good God Almighty please I am

now in all readiness to be where You want me to be so please my dear good God Almighty please let me now be only at such good place where You my God would now like me to be.
